President's Message

Dear Colleagues,

It is time to start thinking about our 40th Anniversary Congress. This year's planning committee under the direction of Cheryl Brandt and Kristina Keppel has designed an outstanding event filled with education, networking opportunities and relaxing fun in beautiful San Diego, California, September 16-20, 2016.

The Annual Meeting kick-off begins on Friday morning with the preconference pharmacology course. Designed for all nurses, a full day of educational offerings will provide seven pharmacy contact hours. Saturday morning commences with committee meetings for Nursing Practice and Research, National Membership Enhancement, and Health Policy and Advocacy. Whether you are interested in joining a committee or just curious, consider sitting in on a meeting to see the action behind the scenes and where you fit in. Opening ceremonies will begin at 10 am followed by our very own Kari McConnell who will deliver the Keynote Address. Kari will illuminate us about "The Power of Small: The Giant Within Us" and take us down memory lane as we celebrate our past and envision our future. Saturday afternoon is filled with something for everyone and ends with our fabulous special interest groups. These groups offer prime opportunities for networking with colleagues that have similar interests. On Saturday evening come share some wine and cheese as you review the many exceptional posters presented by our members, meet with the board and officers and visit with the candidates for office.

Every day offers a variety of presentations to enhance your practice, but the early risers on Sunday will be able to take an invigorating walk around the city and down the boardwalk with Anne Bigelow while supporting the ENT-NF (It is only about three miles and even I can do it!). Later in the day you will have the opportunity to visit with our exhibitors and possibly win a free registration to the 2017 Annual Congress. After a busy day soaking up knowledge and meeting new people, join me for the President's Reception Sunday evening. A dinner cruise on beautiful San Diego bay will give us the opportunity to have some fun and get to know each other while we enjoy the breathtaking sunset.

Elections will take place during the SOHN Business Meeting on Monday. Do not miss this exciting event – Remember Your Vote Counts! Later that afternoon participate in the Outrageous ENT-NF Annual Benefit and support your foundation. Fun abounds and there are always great gifts. End the day with a trip to the ballpark and watch the San Diego Padres play the Arizona Diamondbacks. You are certain to see SOHN's name on the Jumbotron.

Start your day on Tuesday with a relaxing yoga session. Stretch your mind and body for a day of possibilities. Dr. Sara Wheeler, our closing speaker will enlighten us about transitional change - looking back and moving forward.

This jam packed schedule offers a total of 25.5 contact hours and loads of fun. Start planning now and join me in beautiful San Diego for SOHN's Ruby Anniversary as we "celebrate our past and envision our future".

Sincerely,

Deena B. Hollingsworth

Deena B. Hollingsworth, MSN, FNP-BC, CORLN
SOHN President 2016-2017

SOHN's 40th Anniversary Congress & Nursing Symposium

Celebrating Our Past ~ Envisioning Our Future

September 16 - 20, 2016 • San Diego, California • Westin San Diego Gaslamp Quarter Hotel

The 40th Anniversary Congress and Nursing Symposium will be held in San Diego, California - a magnificent waterside city with a showcase of dazzling skyscrapers, glitzy modern loft developments, five-star hotels, and numerous exquisite cafes, restaurants, and boutiques. Scenic views lurk around every corner - hills covered in blossoming junipers, golden stalks of pampas grass and towering palm trees enamor all who visit this vibrant metropolis. San Diego is the second largest city in California and the seventh largest city in the United States. With so many options, it is easy to see why exploring San Diego is an endless adventure.

The annual program has been planned for and by ORL nurses. The SOHN Congress Education Committee has taken your suggestions and incorporated them in a dynamic five day educational event. From basic to advanced practice, courses have been designed to strengthen your professional practice experience. Come to San Diego and celebrate SOHN's past and help to create the future of ORL Nursing.

Put yourself in the center of the top things to do in San Diego when you stay at the Westin San Diego Gaslamp Quarter Hotel. Located at 910 Broadway Circle in the heart of downtown San Diego's famous Gaslamp Quarter, enjoy easy access to more than 150 restaurants, coffeehouses and nightclubs and more. Our Headquarters' hotel is within walking distance to 100 unique shops and galleries.

The Gaslamp Quarter is home to the city's best dining and nightlife, unique art galleries and shopping options to fit all tastes. So whether you opt for traditional food or something a bit off the beaten path, your visit to the Gaslamp Quarter will be a unique experience.

The Westin San Diego Gaslamp Quarter is adjacent to Westfield Horton Plaza and down the street from the San Diego Convention Center. Close by is Petco Park and San Diego's core business district and within minutes of major attractions, such as the world-renowned San Diego Zoo, Sea World, Old Town, Little Italy, Balboa Park and Museums, the USS Midway, and the breathtaking scenery of San Diego's stunning sandy beaches.

SOHN's 40th Anniversary Congress is certain to be an event to remember! Plan to attend now!

General Information SOHN/ENT-NF

Registration Information

Register and Pick Up Registration Packets at Westin San Diego Gaslamp Quarter Hotel, 910 Broadway Circle.

Early-Bird Discount

Early registration for the annual meeting is strongly encouraged and will afford you a considerable savings.

SOHN Registration Includes

- Admittance to all SOHN educational programs (Pharmacology Course requires an additional fee)
- Access to Online Handouts
- Business Meeting
- Proceedings Book
- SOHN Exhibit Hall
- Coffee Breaks
- Poster Presentations
- Contact Hours
- Meet and Greet Reception

Pre-Registration

Early Bird and Regular registrants will receive a receipt in the mail. To receive your prepared packet bring your receipt to the SOHN Registration Booth (hours listed in the Program) at the Westin San Diego Gaslamp Quarter Hotel. You will need this packet before attending courses, so allow ample time for the registration process.

The pre-registered EARLY BIRD and REGULAR fees are lower than ONSITE fees. And, if you pre-register, you will avoid delays while your meeting materials are prepared.

Non-Members

Non-member Registered Nurses and LPNs/LVNs may apply, pay dues, and obtain Member rates for Congress at the same time, resulting in savings on congress registration. Eligible non-members are encouraged to become SOHN members at this time. Those ineligible for membership may receive our publications and mailings by becoming a subscriber.

Early-Bird Registration

Must be postmarked no later than July 11

SOHN Member \$495 Non-Member \$625

Regular Registration

Postmarked between July 11 and September 1

SOHN Member \$565 Non-Member \$695

On-Site Registration

After September 1 please register on-site. You must be registered and receive your Congress packet before attending any classes, so plan your arrival time to allow for the registration process.

SOHN Member \$590 Non-Member \$720

Daily Rate

Badges will indicate daily attendees.

(Please indicate which days you plan to attend on the registration form.)

Early-Bird - Must be postmarked no later than July 11

SOHN Member \$225 Non-Member \$255

Regular - Postmarked between July 11 and September 1

SOHN Member \$275 Non-Member \$300

On-site after September 1

SOHN Member \$300 Non-Member \$330

Payment

Payment must be made at the time of registration, by Credit Card (American Express, Discover, Master Card or VISA), check or money order. By Fax or Online: credit cards only. By Mail: Credit cards or payment by check/ money order in U.S. Funds Only.

Registration/Information Booth Hours

Friday	8:00 am – 5:00 pm
Saturday	7:30 am – 5:15 pm
Sunday	8:30 am – 4:30 pm
Monday	7:30 am – 5:00 pm
Tuesday	8:30 am – 12:30 pm

Cancellations

- You may cancel by fax, mail or email.
- A refund of 50% of the registration fees will be returned to those who notify SOHN in writing by August 1. After this date, refunds for registration fees will not be issued.
- Substitutions are allowed, however:
 - A non-member replacing a member pays the difference in fee.
 - A member replacing a non-member will not receive a refund.

Faxes and Receipts

SOHN is not responsible for faxed or online registrations not received due to mechanical failure or circumstances beyond our control. Due to the high volume of registrations, we are unable to confirm receipt immediately. Confirmations will be mailed within two weeks.

Congress Attire

Business attire is appropriate for attending educational sessions and exhibits. A sweater or light jacket may also be necessary during the sessions, as the rooms often become cold.

Course Information

Registered attendees can earn 25.5 contact hours, depending on sessions attended at the 2016 SOHN Annual Meeting through attendance at the ORL Pharmacology Course, Opening Ceremony, General and Closing Sessions, concurrent sessions and poster session. Contact hour totals are based on the 60 minute contact hour as outlined by ANCC.

Conference Outcomes

1. Empower ORL nurses to share and incorporate the knowledge gained at congress in their daily practice.
2. Involve ORL nurses in an environment of peer networking, collaboration and rejuvenation.
3. Enlighten ORL nurses at all levels of professional roles and responsibilities.

Accreditation - Nursing Contact Hours

The Society of Otorhinolaryngology and Head-Neck Nurses is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The maximum number of nursing contact hours attainable for this program is 25.5 hours.

Successful Completion

To successfully complete the education requirements of the SOHN Annual Meeting, registered attendees will be required to provide:

- Full attendance at sessions with no more than 10 minutes missed
- Completion of the session evaluation through the online evaluation process

Evaluations and Nursing Contact Hour Certificates

Each participant will receive a unique identifier via email from Express Evaluations to use on a dedicated web site. You may enter your evaluation information online during the SOHN Congress on your computer, at the business center or wait until you arrive home. You must complete both program and session evaluations to receive contact hours and to print your certificate. In addition to a certificate, you will also receive a print out of the sessions you attended. You can even direct your certificate to your email address and print it out at your leisure. And, if you lose your certificate, you can print it again. The immediate feedback will also assist the SOHN Education Committee in planning next year's program.

Hotel Reservations

Hotel reservation information is available on the SOHN website www.sohnnurse.com. All SOHN activities will be held at:

Westin San Diego Gaslamp Quarter Hotel
910 Broadway Circle, San Diego, CA, 92101

PLEASE IDENTIFY YOURSELF AS A SOHN CONFERENCE ATTENDEE.

General Information SOHN/ENT-NF continued

San Diego Airport

San Diego International Airport, also known as Lindbergh Field, is an international airport three miles northwest of downtown San Diego, California.

Airport Shuttle

Attendees will receive \$2 off one-way / \$5 off round trip discount on SuperShuttle when reservations are booked online. This discount is valid between September 20 and October 3, 2015. Please visit <http://reservations.supershuttle.com> and use the group code: JH39H to take advantage of this savings.

AAO Exhibit Hall Daily Passes

The AAO-HNSF Exhibit Hall will be located in San Diego Convention Center. Daily passes are available for \$125 per day through SOHN advance registration. Designate your choice of day on the registration form. Limited to one day. (**After August 12 exhibit hall passes must be purchased from AAO-HNSF at the San Diego Convention Center.) AAO-HNSF Exhibits located at the San Diego Convention Center will be open:

Sunday, September 18 10:00 am - 5:00 pm

Monday, September 19 8:00 am - 5:00 pm

Tuesday, September 20 9:00 am - 3:00 pm

Living Green!

Congress 2016 will continue to be eco-friendly. Less paper, less hassle and more benefits for the attendees. Handouts will be distributed online! All registered attendees will have access to session handouts before and after the meeting. Education session handouts submitted before Congress will be placed on SOHN's website for easy access, review and printing. Visit www.sohnnurse.com after September 6 and select the Meetings/Educational Offerings Section to download, print and to learn more. Please note that paper copies of these handouts will not be available on-site.

Noteworthy Courses & Events

Opening Ceremony

Saturday, September 17 • 10:00 am

Keynote Address

The Power of Small: The Giant Within Us

Kari McConnell RN CORLN - Invited Speaker

Kari McConnell, the 20th SOHN President will present an inspiring and thought-provoking keynote address highlighting the events and accomplishments of the past 40 years of the Society. Kari is well known for her dynamic presentations and outstanding video creations featured during the Annual Congress and Nursing Symposium, as well as Facebook, Twitter, YouTube and the SOHN website.

Ms. McConnell has held various positions at the University of Wisconsin School of Medicine and Public Health – Division of Otolaryngology including coordinating and developing the UW Pediatric Otolaryngology program, UW Cochlear Implant program, UW Facial Nerve Clinic and the UW Performing Arts Medicine Program.

Kari is the recipient of the prestigious SOHN Outstanding Service Award and the Lois Moore-Rogers Pediatric Otolaryngology Lectureship. Currently she serves as SOHN's Social Media Coordinator.

“Great things are done by a series of small things brought together” –Vincent Van Gogh

Within the SOHN organization, a momentary interaction with another member can lead to a profound relationship; a connection at an educational seminar can lead to a meaningful friendship; a shared moment between Congress attendees can lead to significant self-discovery and changes in practice; a momentary challenge for organization leaders can lead to the courage to take action; and a small accomplishment can be the basis for an extraordinary ORL nursing legacy.

“The Power of Small: The Giant Within Us” will stretch your imagination and challenge you to seek excellence. A proverb says even a journey of a thousand miles begins with a single step. Few accomplishments are completed in one giant step – they are an accumulation of many small tasks done by many different people.

Kari will take us on a journey with the following message: that the power of small can achieve great accomplishments and build great organizations.

Noteworthy Courses & Events continued

Monday, September 19 • 3:45 pm

Health Policy and Advocacy Lecture Affordable Care Act (ACA) 101: Health System Transformation, Population Health and Nursing

Eileen M. Haley MSN RN CNS ACM
Chief Nursing Officer
County of San Diego
Health and Human Services

Eileen Haley will provide an overview of the ACA, how health systems are transforming, focus on population health and population management, along with a review of the emerging opportunities for nurses in this changing environment.

Tuesday, September 20 • 11:15 am

Closing Session

Transformational Change: Looking Back and Moving Forward

Sara Rich Wheeler RN PhD PMHCNS-BC LMHC

This course has been developed to motivate nurses for transformational change in their nursing practice. At the beginning of the workshop participants will reflect on their previous goals for a professional nursing practice. The SWOT (Strengths, Weaknesses, Opportunities, and Threats) technique will be used to help participants assess the current state of their practice, determine potential areas for growth. New goals for transformational change

will be developed and shared with other participants. Motivational interviewing will be used in small group settings to encourage commitment for a transformational change in one's nursing practice.

Friday, September 16 • 8:30 am – 5:00 pm

ORL Nursing Pharmacology Course

(ticketed course – additional fee)

Topics include:

- Post-Operative Outpatient Pain Management
- Mucosal Barrier Injury in an Oncology Setting
- Pharmacologic Antiviral Treatments - Congenital CMV Associated with Hearing Loss
- Allergic Rhinitis - Current Treatment and Management
- Pharmacologic Considerations and Preoperative Medications
- Spotlight on Behavioral Medicine: Potential ENT Effects and Use in ENT Practice
- Use of Steroid Medications in Otolaryngology

Sunday Evening, September 18

(ticketed event – \$95)

President's Reception: A SOHN Magical 40th Anniversary Voyage to Remember

Join fellow SOHN members new and old for an exciting anniversary voyage on San Diego Bay. Board the luxurious Emerald Hornblower for a night to remember. The Emerald boasts beautiful sage green and gold shaded dining salons, expansive emerald and black marble bar and a charming wood dance floor. The top floor deck is open to fresh sea air or dancing under the stars. Outer deck space and intimate glass enclosed Admiral's Cabin provide elegant spaces for guests to interact while enjoying treasured San Diego landmarks. You will be greeted with a boarding glass of chilled champagne or cider. Enjoy a Paradise Dinner Buffet, made on board by our chefs from local, seasonal ingredients and served by our award winning stewards. And then head out to the deck for a spin on the dance floor or stroll the decks under the stars. Enjoy breath-taking views of San Diego's most famous sights, including the Coronado Bay Bridge, the Star of India, the North Island Naval station and the USS Midway aircraft carrier. It's a magical SOHN 40th Anniversary experience you will never forget. Please wear comfortable shoes. Cash Bar.

SOHNnurse.com

Core Curriculum For Otorhinolaryngology and Head-Neck Nursing – 2nd Edition

This text is designed to be used by ORL-HN nurses. The book provides an overview of all aspects of nursing practice for the patient with an otolaryngologic problem or abnormality. It provides a foundation of knowledge for generalist and advanced practice nurses working in every ORL-HN practice setting. In addition, it serves as a basic text for students, nurses, administrators and nurse educators.

SOHN Member Price: \$140.00
(includes shipping & handling charges)

ORDER ONLINE www.sohnnurse.com

Tuesday, September 20 • 7:00 am

Rise and Shine Wellness: Yoga

Attend this morning yoga class to stretch and restore before your busy day begins. This class is open to anyone including beginners. No shoes required. Wear comfortable workout clothes and bring your mat. No fee. Pre-registration required.

**Sunday, September 18 –
Monday afternoon, September 19**

ENT-NF Annual Benefit

Awarding of prizes: Monday at 4:45 pm

The very entertaining Outrageous ENT-NF Annual Benefit, offers unique gifts and prizes that have been generously donated. By participating in the event you can win great items while promoting the work of the Foundation. Benefits: Priceless.

Sunday, September 18 • 10:00 am

Grand Opening of SOHN Exhibit Hall

Don't miss the ribbon-cutting event that marks the official opening of the Exhibit Hall. Refreshments will be served as you view displays reflecting the state of the art in technology, products and services. With cutting-edge products and services showcased throughout the exhibit hall, this is truly a highlight of the annual meeting. You're guaranteed a solid return on investment for the time you spend with company representatives and you'll walk away with new ideas to improve your practice.

Attendees who complete their Exhibit Viewing Card will have a chance to win a free 2017 Congress Registration!

Hours: Sunday 10:00 am – 4:30 pm
 Monday 8:00 am – 3:45 pm

Saturday, September 17 • 8:00 – 8:45 am

Getting to Know You in San Diego (An Insider's Secrets to Congress 2016)

Calling All First Time Attendees! Each year a number of attendees come to SOHN's Annual Congress for the first time. Come and check out the latest Annual Meeting buzz. If you are a first-timer, choose to attend the First-Time Attendee Orientation. First-Timers will be greeted by SOHN's National Congress Planning Committee and many volunteers who have "been there and done that". In addition to meeting other first-time attendees, you will hear insider's secrets to help you get the most out of Congress 2016.

Saturday, September 17 • 6:00 – 7:30 pm

Meet and Greet San Diego Wine and Cheese Reception

Join friends old and new and relax after a busy day at Congress 2016. Stroll leisurely through the poster presentations and learn new techniques or practices. Meet the Candidates and hear their positions. Greet the Board of Directors and let them inspire you to be involved. Participate in the ENT-NF Annual Benefit. Cash bar. A perfect way to end your day!

Sunday, September 18 • 7:00 - 8:00 am

Stepping Forward for the Foundation

(ticketed event – \$40)

Rise and shine and walk for the ENT-NF (SOHN's Foundation)! Join our walk leader, Anne Bigelow, on another one of her exciting and adventuresome journeys.

In addition: Invite colleagues, family and friends to sponsor your walk. Chapter members join the Chapter Challenge and walk for the Foundation. All donations will benefit ENT-NF Scholarships, Lectureships, ORL Education and Research. Each participant will receive a limited edition 2016 Foundation T-shirt.

Monday, September 19 • 10:45 am – 12:15 pm

Society of Otorhinolaryngology and Head-Neck Nurses Notice of Business Meeting

Join the SOHN Officers and Board Members for the Annual Business Meeting. Elect new officers and learn what is happening in your association. All registrants are welcome to attend.

Monday, September 19 • evening

Take Me Out to the Ballgame

(ticketed event – \$40)

Back by popular demand...SOHN Night at the Ballgame. Join SOHN's quintessential baseball cheerleader, Anne Bigelow for a night of fun and enjoyment at Petco Park (across the street from the Convention Center). The San Diego Padres will host the Arizona Diamondbacks in a game that will be sure to delight. Pre-registration is highly encouraged as seats are very limited.

Sunday, September 18 • 11:30 am – 12:45 pm

CORLN Luncheon

(ticketed event – \$45)

Sponsored by the National Certifying Board for Otorhinolaryngology and Head-Neck Nurses (NCBOHN)

We are proud of our CORLNs! It's time to gather again and meet informally with CORLNs from around the country while enjoying a special buffet luncheon designed expressly for our certified nurses. Please bring two test questions to add to our test item bank.

Saturday, September 17 • 3:30 – 5:15 pm

Special Interest Group Meetings

ORL Nursing covers a wide range of subspecialties, each of which present a special set of skills and unique knowledge base. SOHN special interest groups (SIGs) will link you with other members practicing in your designated subspecialty. All SIGS will be meeting at Congress. Join a SIG and share your ideas and gain new information.

Ear, Nose & Throat Nursing Foundation

The Ear, Nose and Throat Nursing Foundation (ENT-NF), founded in 1997, to enhance the care of the ear, nose and throat patient, by advancing the art and science of nursing through education and research funded by donations from individuals, corporations and health care providers. Donations will be used for educational programs designed to enhance care delivery and prevention of disease to the otolaryngology population; support research initiatives to improve the health of patients with ear, nose and throat disorders; and to provide educational programs to increase the knowledge of health care professionals interested in ear, nose and throat nursing care.

2016 Congress Education Program Committee

Cheryl Brandt MSN RN ACNS-BC CORLN - Chairperson
Kristina Keppel DNP RN CPNP - Co-Chairperson
Mary Huntoon MSN RN CORLN - Assistant Chairperson
Lorie Sparacino MS PNP-BC CORLN - Education Consultant
Sandra Schwartz MS RN CORLN - Executive Director

Poster Session

Research, evidence-based practice and clinical initiative posters are on display during the conference. Take advantage of this opportunity to review current studies on relevant ORL nursing topics. The researchers will be present to discuss their studies on Saturday evening.

Your support in assisting ENT-NF to enhance the care of ear, nose and throat patients is sincerely appreciated. Please make checks payable to ENT-NF and mail to:

ENT-NF

207 Downing Street
New Smyrna Beach, FL 32168

Or donate online at www.sohnnurse.com

(Your contribution to ENT-NF is tax-deductible.)

Thank you for your support!!

SOHN 40th Anniversary Congress & Nursing Symposium Preliminary Program

Friday, September 16, 2016

8:00 am–5:00 pm	SOHN Registration/ Information
PHARM/AP 8:30 am–5:00 pm	ORL Nursing Pharmacology Course (sessions 110–116 - add'l fee required) Lisa Gagnon MSN CPNP – Coordinator
8:30–9:30 am	110 Post-Operative Outpatient Pain Management Melinda DeSell MS CRNP
This session will review common medications used to treat acute post-operative pain management for our otolaryngology patients, both adult and pediatric. Medications included will be over the counter medication, NSAIDs, narcotic pain medication, and adjunctive.	
9:30–10:30 am	111 Mucosal Barrier Injury in an Oncology Setting Mark S. Chambers DMD MS
Oral mucositis is a complication of cytoreductive chemotherapy and radiation treatment resulting in pain, dysphagia, infection, anorexia, and poorer quality of life. Mucositis is often dose-limiting, especially after myeloablative therapy or targeted treatment. In the last few years, it has become increasingly clear that mucositis is not restricted to the mouth, but extends to the rest of the alimentary tract. Mucosal barrier injury is more appropriate to describe the complex biological events that occur along the digestive tract following cytotoxic treatment; whereas, the term mucositis is the clinical manifestation. This presentation will address current stomatotoxic therapies at a major comprehensive cancer center and treatment guidelines to consider.	
10:30–10:45 am	Break
10:45–11:45 am	112 Pharmacologic Antiviral Treatments - Congenital CMV Associated with Hearing Loss Melissa Raines MSN CPNP APNP
Congenital Cytomegalovirus (CMV) is the most common viral infection in the world including a high risk of non-genetic sensorineural hearing loss along with many other neurodevelopmental delays including microcephaly, seizure disorder, vision impairment, mental retardation and cerebral palsy. Infants that are infected with this virus can benefit from decreased risk of long term effects with the use of anti-viral treatment; however, timing of the treatment is very crucial to minimize these effects.	
11:45–12:45 pm	Lunch Break

12:45–1:45 pm	113 Allergic Rhinitis-Current Treatment and Management Cynthia Rose MSN FNP
This course aims to discuss/review the most recent pharmacotherapy for allergic rhinitis including oral and intranasal options along with immunotherapy. Participants will be able to determine which treatment plan is best for the patient depending on their symptoms and severity. APNs will be able to practice and prescribe for patients with Allergic Rhinitis based on guidelines and new treatment options.	
1:45–2:45 pm	114 Pharmacologic Considerations and Preoperative Medications Dianne Rose-DeYoung APN-BC
Overview of medications related to preoperative evaluation and management in ORL surgical patients.	
2:45–3:00 pm	Break
3:00–4:00 pm	115 Spotlight on Behavioral Medicine: Potential ENT Effects and Use in ENT Practice Helen Kim MSN RN NP-C CORLN
This presentation will offer a brief pharmacodynamic overview of common classes of psychiatric medicines and the conditions they treat. Discuss how each class may cause ENT related side effects, if any. Discuss how a provider can prescribe appropriate medical therapy for targeted ENT conditions.	
4:00–5:00 pm	116 Use of Steroid Medications in Otolaryngology Lisa Gagnon MSN CPNP Wendy Mackey MSN APRN CORLN
7:00 pm	Congress VIPs Meeting

Saturday, September 17, 2016

7:30 am–5:15 pm	SOHN Registration/ Information
8:00–8:45 am	Getting to Know You in San Diego (First Timers' Orientation)
9:00–9:45 am	National Membership Enhancement Committee Meeting
9:00–9:45 am	Health Policy and Advocacy Committee Meeting

9:00–9:45 am **Nursing Practice and Research
Committee Meeting**

9:00–9:45 am **Special Interest Group Facilitators Meeting**

10:00–12:00 noon **Opening Ceremony**

GEN 210 Keynote Address
The Power of Small: The Giant Within Us
 Kari McConnell RN CORLN

A proverb says even a journey of a thousand miles begins with a single step. Few accomplishments are completed in one giant step ~ they are an accumulation of many small tasks done by many different people. The presenter will take us on a journey of the past accomplishments of SOHN and its members. Highlights will include the development and successes of SOHN, ENT-NF and NCBOHN. An emphasis will be placed on special members who stand very tall.

12:00 –1:00 pm **Lunch Break**

12:00–1:00 pm **Chapter Presidents' Meeting**

HN 220 Thyroid Disorders and Management:
Focus on Thyroid Cancer
 Emily Sanders BS RN CORLN

While the disorders of the thyroid gland are not new, some of the management of these disorders is evolving. This course will begin with a brief overview of common thyroid disorders, most specifically thyroid cancer, and how they are treated. We will then talk about upcoming trends, including robotic thyroidectomy. The purpose of this activity is to enable the learner to comprehensively understand thyroid disease management and treatment.

PED 221 Osseointegrated Hearing Devices
 Roxanne Link MSN RN APNP

There are several options available for osseointegrated hearing devices for both conductive hearing loss and single sided sensorineural hearing loss. There are new magnetic options for these devices as well. ORL nurses would benefit from participating in this activity to increase knowledge of devices. This course will explore the presentation of hearing loss, types and implantable devices available. Benefits, complications and nursing implications will be explored.

AP/PHARM 222 Post-Operative Outpatient Pain Management
 Melinda DeSell MS CRNP

This session will review common medications used to treat acute post-operative pain management for our otolaryngology patients, both adult and pediatric. Medication included will be over the counter medication, NSAIDs, narcotic pain medication, and adjunctive.

OTO/PED 230 Complementary and Alternative Medicine
for Pediatric Otitis Media
 Lorie Sparacino MS PNP CORLN

Otitis Media (OM) is one of the common conditions for doctor visits in the pediatric population. ORL nurses may be very familiar with OM assessment and management, the allopathic approach, the typical medical/drug approach/ear tubes in treating otitis media and the AAO-HNS Guidelines. Parents are seeking alternative therapies such as Homeopathy, Chiropractic treatment, Xylitol and Probiotics. Do alternative therapies work and are they safe? Chiropractic, described as Upper Cervical Chiropractic or Atlas Orthogonal Chiropractic, stimulated interest in further investigation. Many families are choosing the chiropractic approach. This session will review the research and the role of the ORL nurse working with families seeking guidance.

OBP 231 High Level Disinfection of Scopes Update
 Cindy Dawson MSN RN CORLN

This presentation reviews the principles/practices of High Level Disinfection (HLD) for scopes in an Otorhinolaryngology practice. An overview of HLD principles is followed by an outline of new evidence based guidelines from the CDC, Joint Commission, AORN, and AAMI. Policies, procedures and educational competencies for staff performance measures will be shared. Reviews of best practices and outcomes achieved by implementing the new guidelines will also be discussed.

OR 232 3D-Printing to Create Custom
Medical Devices
 Glen Green MD

This presentation will include an overview of 3D-Printing to create tracheal splints and other otolaryngologic constructs the University of Michigan laboratory has been creating. The processes and obstacles involved in taking a medical device from conception through clinical application will be discussed. The published results of the first five patients to receive the tracheobronchial splint will be examined as well as other ongoing human and animal trials.

3:15–3:30 pm **Break**

OR 240 Perioperative Special Interest Group
 Chester Hilton BSN RN CORLN

Meet new colleagues who work within the Perioperative specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Perioperative SIG.

AP 241 Advanced Practice Special Interest Group
3:30–4:15 pm Sarah Holdsworth MSN APRN

Meet new colleagues who work within the Advanced Practice specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Advanced Practice SIG.

FED/MIL 242 Federal/Military Special Interest Group
3:30–4:15 pm Chester Slonina MSN MHA RN-BC

Meet new colleagues who work within the Federal/ Military specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Federal/ Military SIG.

FPS 243 Facial Plastic and Reconstruction Special Interest Group
3:30–4:15 pm Shannon Brady MSN CRNP CORLN

Meet new colleagues who work within the Facial Plastic and Reconstruction specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Facial Plastic and Reconstruction SIG.

OBP 244 Office Based Practice Special Interest Group
3:30–4:15 pm Joanne McClain LPN

Meet colleagues who share knowledge within the Office Based Practice specialty. Examine common interests and ideas. Identify educational needs, share latest trends in technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Office Based Practice SIG.

PED 250 Pediatric Special Interest Group
4:30–5:15 pm Laurie Newton DNP RN CPNP

Meet new colleagues who work within the Pediatric specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Pediatric SIG.

HN 251 Head and Neck Special Interest Group
4:30–5:15 pm Sharon Rubischko BSN RN

Meet new colleagues who work within the Head and Neck specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Head and Neck SIG.

GER 252 Gerontology Special Interest Group
4:30–5:15 pm Cristie Roush DNP GNP-BC

Meet new colleagues who work within the Gerontology specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Gerontology SIG.

OTO 253 Otology Special Interest Group
4:30–5:15 pm Deborah Farragher MSN RN CORLN

Meet new colleagues who work within the Otology specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Otology SIG.

ARS 254 Allergy and Sinus Special Interest Group
4:30–5:15 pm Michael Neel RN FNP-C

Meet new colleagues who work within the Allergy and Sinus specialty. Examine common interests and problems. Identify educational needs, cutting edge technology for the group with topics, speakers and contact information for future programming for this specialty. Develop a network list, succession plan and future goals for the Allergy and Sinus SIG.

GEN 260 Meet the Poster Presenters
5:30–6:30 pm

6:00–7:30 pm **Meet and Greet – Wine and Cheese Reception**

Sunday, September 18, 2016

7:00–8:00 am **Stepping Forward for the Foundation**
Meet in the Westin Hotel Lobby at 6:45 am
Ticketed event, \$40

8:30 am–4:30 pm **SOHN Registration/ Information**

HN 310 Navigating the Head and Neck Oncology Patient
9:00–10:00 am Laura Kabrich BSN RN ACM

This presentation will review the multidisciplinary approach to managing head and neck cancer patients and the role of the nurse navigator. Social obstacles will be reviewed which can affect outcomes. A case study will be used to illustrate the role of the nurse navigator. This will help ORL nurses understand the challenges and importance of navigating the head and neck oncology patient through their treatment course and into a survivorship program.

GER 311 Hyperparathyroidism in the Older Adult
 9:00–10:00 am Cristie Roush DNP GNP-BC

A PowerPoint presentation will be utilized to highlight signs and symptoms of hyperparathyroidism in the older adult, importance of specific lab tests, such as calcium, PTH, T-score, and urine calcium, in the diagnosing and treatment of disease. Types of hyperthyroidism – primary, secondary, and tertiary- will also be discussed as they relate to lab values and treatment.

PED 312 Lois Moore–Rogers Pediatric Otolaryngology Lectureship Otolaryngologic Manifestations of Down Syndrome
 9:00–10:00 am Wendy Mackey APRN CORLN

A review of the otolaryngologic manifestations of Down syndrome (DS), the positive impact of aggressive treatment and counseling of otolaryngologic disorders in children with DS and its overall influence on medical and developmental outcomes will be presented.

10:00 am **SOHN Exhibition Area Ribbon Cutting and Grand Opening**

10:00–10:30 am **Break with Exhibitors**

10:00 am–4:30 pm **SOHN Exhibition Area Open**

OTO 320 Auditory Brainstem Implantation
 10:30–11:30 am Maroun Semaan MD FACS

Auditory Brainstem Implantation is a new and innovative medical treatment for certain people who are deaf. This lecture will review the technology and mechanism of action of the device, the current selection criteria, surgical technique as well as outcomes, complications and what patients should expect from the intervention.

HN/R 321 Research Forum
 10:30–11:30 am **Under Pressure ‘Let’s Not Have A Breakdown’**
 Margarete Englisch BSN RN CORLN
 Kim Cummings MSN RN CWOCN CFCN

Our tracheostomy patients seemed to have a common problem with excess moisture and skin breakdown. This prompted an evidence based quality project to reduce skin breakdown. The nurses required education to prevent skin breakdown and hospital acquired pressure ulcers at the tracheostomy site. We will present our project and findings.

Centralizing Hospital Tracheostomy Resources
 Elizabeth Gould MSN RN CCRN CORLN

This session will outline the Clinical Nurse Specialist approach to improve tracheostomy management at UC Davis Medical Center in Sacramento California. Problems identified prior to program implementation included a knowledge deficit about non-standard hospital products, absence of or incorrect bedside emergency

equipment, and limited access to specialty tracheostomy tubes and supplies. A Tracheostomy Team of Respiratory Therapists was created to address these issues and provide a centralized resource for tracheostomy management.

Prospective Evaluation of a Tracheostomy Tube That Enables Communication in Ventilator-Dependent Patients – A Pilot Study

Vinciya Pandian MSN PhD RN ACNP-BC

This activity is designed to educate those caring for patients with a tracheostomy. Participants will develop a comprehensive knowledge about the impact of a talking tracheostomy tube on quality of life. The activity involves description of the talking tracheostomy tube. The presenter will describe the rationale, purpose, methodology, results and implications of a randomized controlled trial – pilot study that measured the impact of a talking tracheostomy tube on quality of life.

AP 322 Many Faces of Facial Paralysis
 10:30–11:30 am Joseph Scharpf MD

The course will cover the differential diagnosis, treatment options, and outcomes for facial paralysis. A power point presentation with evidence-based strategies and illustrative case examples will be used to provide the educational experience.

11:30–12:45 pm **Lunch Break**

11:30–12:45 pm **CORLN Luncheon**
Ticketed event – \$45
Limited to Certified ORL Nurses

PED /OTO 330 Endoscopic Ear Anatomy and Surgery
 12:45–1:45 pm Eric Baum MD

Endoscopy is advantageous in many aspects of examination of the ear anatomy and can be utilized to enhance evaluation of the ear in an outpatient and surgical setting. This course will explore the normal and abnormal anatomy of the middle ear that can benefit from exploration with endoscopic techniques. It will describe its use in both an outpatient clinical setting as well as surgical care.

GEN 331 Caring for the Caregiver-Self-Treatment after Trauma: A Look at PTSD
 12:45–1:45 pm Terry McGarvey MSN FNP-C RNFA

A brief example of an event that can happen will transition into an overview of acute stress reaction (ASR) and post-traumatic stress disorder (PTSD). Discussion will focus on interventions, timing, possible sequelae and what self-care can be applied to reduce the severity of symptoms. An opportunity for questions and discussion will be offered.

FPS/OR
12:45–1:45 pm
332 Facial Reanimation
Chester Hilton RN BSN CORLN
Ryan Manz MD

There are many reasons why patients have lost nerve function in one or both sides of their face, such as stroke, accident, congenital issues, etc. This presentation will go through reasons, examples of methods of correction and nursing care of this patient population.

OTO
2:00–3:00 pm
340 Otitomycosis: An Overview and Treatment Modalities
Erin Jane Ross DNP MS ANP-BC CORLN

Otitomycosis is usually misdiagnosed as a bacterial infection instead of fungal infection due to prescribed antibiotic eardrops in the initial stages. It is only when the antibiotics do not improve the patient's condition that ear fungus is suspected. The course will explore the basics of anatomy and physiology of the ear, precipitants, causes, etiology, treatment and outcomes to fungal otitis externa (Otitomycosis).

PED
2:00–3:00 pm
341 Not as Cute as a Button: The Hazard of Button Battery Ingestion in Children
Margaret M. Dezzi CRNP CORLN
Jana Bradley MSN CRNP CORLN

Different types and sizes of batteries are commonly found in numerous household items and can cause hazardous affects if ingested. This session will predominately focus on the pediatric population: however, ingestion of button batteries can also affect the elderly population and will be reviewed as well. Take a tour from the oral cavity through the GI tract and analyze the pathophysiology and the detrimental effects of button battery ingestion. The clinical presentation of button battery ingestion will be reviewed, as well as the importance of a prompt diagnostic work up for suspected disk battery ingestion. We will analyze possible differential diagnosis by comparing button battery ingestion symptoms vs. other potential diagnosis. Treatment and management modalities will be compared for patients suffering from button battery ingestion. We will review case studies of two patients who ingested button batteries.

OR/HN
2:00–3:00 pm
342 Advances in Head and Neck Cancer – Making the Extraordinary Ordinary
Daniel Deschler MD FACS
Theresa Johnson MSN RN BC

This presentation will describe the evolution of the surgical care of patients with diseases of the head and neck. The presenters will discuss and describe the advances that have been made and are continuing that have led to maximizing the quality of life for those afflicted with these illnesses. The presentation will seek to highlight the critical role nurses play as part of the health care team for these patients.

3:00–3:30 pm
Break with Exhibitors

PED
3:30–4:30 pm
350 Starting Parent Support Group for Children with Hearing Loss
Victoria C. Albano MSN RN CPNP
Kevin Callans BSN RN

This presentation will provide an overview on the potential benefits of starting a parent support group. It will begin with a discussion on the common causes and management plans for children with hearing loss and identify known gaps in psychosocial support for these children and their families. The presenters will share their experiences with establishing a parent support group for hearing loss, which is eventually projected to include other family members.

HN/OR
3:30–4:30 pm
351 Zenker's Diverticulum
Pierre Lavertu MD

This lecture will outline the condition, its presentation, and the treatment modalities. Zenker's Diverticulum is an uncommon disorder whose predominant symptom is dysphagia that has a potentially serious consequence, pulmonary aspiration. Understanding the evaluation, treatment options and implications for nursing will be discussed.

R
3:30–4:30 pm
352 Understanding Qualitative vs. Quantitative Research
Terri Giordano DNP CRNP CORLN

Before beginning any research project, a decision needs to be made regarding whether quantitative or qualitative research design is the best method to conduct the study. With the increased recognition of the importance of utilizing evidence based practice, nurses with knowledge of the research process are positioned to support research methods that make available new insight and create new ways of advancing health care. This course will review qualitative and quantitative study designs and explore ideas for future ORL nursing research.

Evening
President's Dinner Cruise
Ticketed event, \$95

Monday, September 19, 2016

7:00–7:45 am
Education Committee Meeting

7:30 am–5:00 pm
SOHN Registration/ Information

8:00 am–4:00 pm
SOHN Exhibition Area Open

FPS
8:00–9:00 am
410 Management of Children with Microtia and Atresia
Kathleen C.Y. Sie MD

An overview of embryology of outer ear malformations will be presented. Assessment and management of children with microtia and aural atresia will be reviewed. Reconstructive options for microtia will be discussed in detail.

HN/OR
8:00–9:00 am

411 Free Flaps: Pre and Postoperative Assessment and Management
Troy DeRose CRNP RNFA

Head and neck carcinoma requires a multidisciplinary approach to treatment and management of the patient. A complete history and physical examination must be provided at initial presentation. Biopsy and affirmation of the disease is required along with careful assessment and possible intervention to maintain a stable airway, if needed. Controlling disease and treatment symptoms should be addressed early and be at the forefront in the patient's plan of care. Emphasis will be placed on surgical outcomes prior to surgery and a nutritional assessment performed in order to optimize the patient's status. Discussions with speech therapy, physical therapy, and the ORL nurse will be held frequently throughout the day (for example TeamSTEPPS framework). Different types of free flaps and tissue rearrangements will be reviewed and postoperative nursing considerations discussed. Free flap post-surgery and ideal postoperative pathways will be considered, as well as, emotional support.

ARS
8:00–9:00 am

412 Hereditary Hemorrhagic Telangiectasia - Associated Epistaxis
Jay F. Piccirillo, MD, FACS

In this course, the attendee will learn about the abnormalities associated with Hereditary Hemorrhagic Telangiectasia (HHT), the genetic etiology, treatment options for HHT-associated epistaxis, and recommendations for care within a multidisciplinary setting. Descriptions of different epistaxis techniques will be provided. Upon conclusion of the course, the attendee should feel more comfortable discussing treatment options with the patient with HHT-associated epistaxis.

ORL
9:15–10:15 am

420 Misconceptions of Tobacco Alternatives
Karen Harris MSN RN OCN

This session will discuss the trends in tobacco use and newer tobacco products being targeted toward youth. In addition, there are smoking alternatives being promoted by the healthcare community as safe alternatives to cigarettes. Finally, nursing's role in patient and community education will be examined.

AP/OBP
9:15–10:15 am

421 ICD-10-CM Updates for ENT and an Overview of Meaningful Use
Kim Pollock RN MBA CPC CMDP

We have been living with ICD-10-CM for almost a year now – how's it going for you? The purpose of this session is to discuss the ICD-10-CM coding updates pertinent to ENT effective October 1, 2017 as well as to discuss common payer denial issues experienced in ENT practices across the country. We will also discuss Medicare's Local Coverage Determinations (LCDs) related to ENT services and the diagnosis coding required to meet medical necessity for payment. Lastly, we will provide an overview of Medicare's electronic health record Meaningful Use incentive program and the most recent qualification requirements.

PED
9:15–10:15 am

422 Update on Pediatric Sinusitis Management
Anthony Magit MD

This presentation includes discussion of pathophysiology, anatomy and development as contributing factors to pediatric sinusitis. Clinical scenarios will be utilized to illustrate recommendations for diagnostic testing and therapeutic interventions.

10:15–10:45 am

Break with Exhibitors

10:45–12:15 pm

SOHN Business Meeting and Installation of Officers

12:15–1:15 pm

Lunch Break

ORL
1:15–2:15 pm

430 Assessment and Management of Chronic Cough
Jonathan Bock MD

Chronic cough is one of the most common reasons to seek medical care, with the otolaryngologist often being consulted after a prolonged course of treatment or treatments. Chronic cough is often multifactorial in nature, involving a complex multisystem history. This presentation will comprehensively cover the potential causes, complexity of the history of physical examinations of patients presenting with chronic cough, as well as the diagnostic options available and management plans for these patients.

AP/OTO
1:15–2:15 pm

431 Canalith Repositioning: Treatment of Benign Paroxysmal Positional Vertigo
Deborah Farragher MSN RN CORLN

Benign Paroxysmal Positional Vertigo (BPPV) will be discussed, including diagnosis and management in a clinical setting. Canalith repositioning (CRP) is an excellent management option which may be performed by APNs in the clinical setting. CRP will be discussed and taught as a new skill to be done in the clinical practice setting after attending this session. The BPPV treatment plan will be reviewed and resources available to assist clinical personnel and patients.

HN
1:15–2:15 pm

432 Endoscopic Skull Base Surgery – Cerebrospinal Fluid Repair
C. Arturo Solares, MD, FACS

This presentation will focus on all new endoscopic skull base surgery techniques for reconstruction of cranial base defects. It will bridge the knowledge gap on state of the art endoscopic skull base reconstruction.

GER
2:30–3:30 pm

440 Preoperative Recommendations for the Geriatric Patient
Sarah Holdsworth MSN APRN

This course will discuss the guidelines regarding preoperative and perioperative care and management of the geriatric surgical patient. Hopefully this new knowledge will be transferred into practice to provide quality care and fewer complications.

OBP
2:30–3:30 pm

441 Changing the Outcome... You can Produce Practice Specific Educational Handouts
Cindy Jennings CNP
Cheryl Brumbaugh CNP

Healthcare professionals commonly supplement verbal instructions with written educational materials. According to the National Adult Literacy Survey, only 12% of the population scores at a proficient health literacy level. This statistic highlights the need for accurate, concise, and clearly written health related materials. It is imperative for the health care provider to have the ability to understand the literacy guidelines. The skill of producing practice specific written health educational handouts improves patient outcomes.

PED/OTO
2:30–3:30 pm

442 Updates in Pediatric Cochlear Implantation
Daniela Carvalho MD

Hearing loss is one of the most common congenital disorders, affecting about 3 in 1000 live births. Thus, with this prevalence, it is imperative that ORL nurses have an understanding of hearing loss and its corrective options, including cochlear implantation. In 2012 there were more than 210,000 people with cochlear implants in the world, and the indications and technology of cochlear implants continue to evolve. This course will discuss the diagnosis of hearing loss in children and increased the knowledge regarding treatment options of hearing loss in children, with focus on cochlear implantation, including its risks and benefits and update on indications and technology.

3:30–3:45 pm Break with Exhibitors

GEN
3:45–4:45 pm

450 Health Policy and Advocacy Lecture Affordable Care Act (ACA) 101: Health System Transformation, Population Health and Nursing
Eileen M. Haley MSN RN CNS ACM,
Chief Nursing Officer
County of San Diego, Health and Human Services

An overview of the ACA, how health systems are transforming, focus on population health and population management, along with a review of the emerging opportunities for nurses in this changing environment.

4:45 pm **ENT-NF Annual Benefit Drawing**

Tuesday, September 20, 2016

7:00 am Yoga

8:30 am–12:30 pm **SOHN Registration/ Information**

ORL
9:00–10:00 am

510 Complementary and Integrative Medicine (CIM) Approaches to Common ENT Disorders Focusing on Herbal Medicine
Edmund Pribitkin MD MBA
Carrie A. Jamison BSN RN CORLN
Julie Ketrick MEd RN CORLN

Participants will recognize that up to one third of their adult patients are using herbal remedies on a regular basis. They will be able to discuss the common uses of herbs and delineate their side effects. Moreover, participants will be able to avoid potentially dangerous interactions between herbal remedies and commonly prescribed medications. Additional CIM practices will be reviewed and innovative ways of incorporating them into clinical practice will be demonstrated.

ORL
10:15–11:15 am

520 Sharpening Leadership Skills Through Effective Communication and Collaboration
Maggie Chesnutt MSN FNP BC CORLN

This session will focus on learning simple communication techniques to foster and promote effective communication and collaboration: essential leadership skills

GEN
11:15–12:15 pm

530 Transformational Change: Looking Back and Moving Forward
Sara Rich Wheeler RN PhD PMHCNS-BC
LMHC

This course has been developed to motivate nurses for transformational change in their nursing practice. At the beginning of the workshop participants will reflect on their previous goals for a professional nursing practice. The SWOT (Strengths, Weaknesses, Opportunities, and Threats) technique will be used to help participants assess the current state of their practice, determine potential areas for growth. New goals for transformational change will be developed and shared with other participants. Motivational interviewing will be used in small group settings to encourage commitment for a transformational change in one's nursing practice.

12:15 pm **Closing Remarks**
Deena Hollingsworth MSN FNP-BC
CORLN, SOHN President

SOHN reserves the right to substitute equally qualified presenters in case of an emergency and reserves the right to cancel or substitute sessions.

Head-Neck Nurses, Inc.**

EDUCATION

Certification Examination in Otorhinolaryngology and Head-Neck Nursing

The National Certifying Board of Otorhinolaryngology and Head-Neck Nurses (NCBOHN) endorses the concept of voluntary, periodic certification by examination for all otorhinolaryngology and head-neck registered nurses. Certification is one part of a process called credentialing. It focuses specifically on the individual and is an indication of current competence in a specialized area of practice. Board certification in otorhinolaryngology and head-neck nursing is highly valued and provides formal recognition of basic otorhinolaryngology and head-neck nursing knowledge.

The Certification Program is sponsored by the National Certifying Board of Otorhinolaryngology and Head-Neck Nurses (NCBOHN). The Certification Examination for Otorhinolaryngology and Head-Neck Nurses is administered for the NCBOHN by the Professional Testing Corporation (PTC), 1350 Broadway – 17th Floor, New York, New York 10018, (212) 356-0660, www.ptcny.com. Questions concerning the examination should be referred to PTC.

Eligibility Requirements:

1. Currently licensed as a Registered Nurse in the United States or the equivalent in other countries.
2. Recommended at least three years of experience in otorhinolaryngology and/or head-neck nursing practice.
3. Completion and filing of an Application for the Certification Examination in Otorhinolaryngology and Head-Neck Nursing.
4. Payment of require fee.

Fall 2016 Testing Period

Application Deadline: September 1, 2016

Testing Begins: October 1, 2016

Testing Ends: October 15, 2016

Application Fees:

SOHN Members.....\$325

Non-SOHN Members.....\$425

Online Practice Test in Otorhinolaryngology and Head-Neck Nursing

Fee (by credit card).....\$75
