Dear SOHN
Colleagues,

After a long cold winter, I am imagining the warmth of September in Florida. I am excited to share with you the educational planning that awaits SOHN in Orlando! I hope you are making plans to attend the 38th Annual SOHN Congress and Nursing Symposium, "Innovation, Imagination, and Inspiration: ORL Nursing," which will be held in Orlando, Florida, September 19-23, 2014. Our stellar Congress Education Committee has worked diligently to select and secure a superb group of ORL speakers presenting on a wide variety of topics. You will not want to miss this Congress!

Orlando known as the FUN place for children and adults of all ages has many things to do before and after Congress... like seeing Universal Studios and the Magic Kingdom which are just some of the attractions in this vibrant city. Come to learn and to explore the many wonders of Orlando.

Opening the 38th Annual Congress and Nursing Symposium will be the keynote speaker, Tina Prince, a nurse executive with the Veterans Administration. She has presented and written extensively on practice innovations, the nursing leadership imperative, meeting IOM recommendations, and leading a Magnet re-designation writing team. You are sure to be inspired by her acumen in healthcare trends, nursing practice, and innovations in patient care. The Pre-Congress program on Friday showcases our association's expert ORL nurses who will be teaching the Comprehensive ORL and Head-Neck Nursing Course and the ORL Nursing Pharmacology Course. Saturday brings the First Timers' Orientation for new attendees which provide insights on getting the most out of Congress. New or returning attendees should be bold in their choices for learning and participating in Congress by attending a specialty interest group (SIG) or a committee meeting of interest to you. It is a great time to collaborate with your colleagues.

Saturday through Tuesday are days filled with specialty educational sessions including three endowed lectureships: Lois Moore Rogers – Pediatric Otolaryngology, Kalynn-Quinn Hensley–

Head-Neck/Laryngology, and Cynthia Mabry – Otolaryngic Allergy. Back by popular demand is the Advance Practice Nursing Endoscopic Scoping Course. Be sure to register early. Attendance is limited and the course will fill up quickly as it is not offered every year.

Using our imaginations, let's go back in time to the early 20th century. We are traveling first class on the world's most magnificent luxury ocean liner. Welcome to Titanic: The Experience Museum and location for the President's Gala which will be held Saturday night. Buses will transport us to "The Experience" and an evening of fun. A three course dinner will be served in grand "turn of the century" style. There will be a charge and be sure to reserve early as these seats are limited.

Sunday the Exhibition Hall opens with many sponsoring vendors. Be eligible to win a free 2015 Congress registration with completion of the exhibitor form for the drawing. On Sunday evening, please plan to attend the wine and cheese reception "Meet and Greet" with the poster presenters, the slate of 2014 candidates, as well as SOHN's National and Chapter leadership. Don't forget to submit your poster and chapter excellence applications before the deadline. Want to learn more about the inner workings of SOHN? Follow the crowd to the Business Meeting on Monday afternoon when we will discuss pertinent SOHN issues and hear from and vote for candidates for the open leadership positions.

In order to more accurately reflect the relevance of nursing in influencing health policy and advocacy, what was the committee for Government Relations is now called the Health Policy and Advocacy Committee. Bringing us up to speed with current health policy and advocacy, we are pleased to have Mary Lou Brunell, Executive Director with the Florida Center for Nursing and Co-Chair of the Florida Action Coalition, share her insights on the Center's key initiatives to advance nursing. Following Ms. Brunell will be the closing speaker, Connie Yuska, Past President and long standing member of SOHN who will discuss community nursing leadership through transitional care.

Our Spring Seminar Series and Congress programming would not be possible without funding from the Ear Nose and Throat Nursing Foundation (ENT-NF). Please consider a donation to

the ENT-NF no matter how large or small. Congress activities that support the Foundation include the ever popular “Stepping Forward for the Foundation” Walk on Sunday morning. Yes it is early, but you can check off your exercising activity for the day, tour part of Orlando, and laugh a lot as our coordinator/tour guide, Anne Bigelow, keeps us entertained and on course. A second Foundation event which is a crowd favorite is the Outrageous Raffle where you may bid on items donated by chapters, individuals, board of directors, and Past-Presidents. You can donate it or you can win it!

Come to relax, come to play and come to Congress to take full advantage of learning the most current ORL innovations. Be inspired by new ideas, and imagine your possibilities in ORL nursing!

SOHN Presents Innovation, Imagination, Inspiration: ORL Nursing

September 19-23, 2014

Hyatt Regency Orlando

Orlando, Florida

Orlando, Florida known as the “City Beautiful” is situated in the heart of Florida’s lake country with tropical warm weather, perfect sunny days and balmy nights!

Walt Disney put Orlando’s name on the map and today the Magic Kingdom shares the city with more than a dozen theme parks - plus animal attractions, water parks, arcades, themed restaurants, glitzy shopping centers, dinner shows and nightclub acts. In Orlando visitors can cavort with pirates, tour haunted mansions, experience an earthquake, battle King Kong, trek through China, dig for dinosaur bones and explore Atlantis. Or alternatively, where can one play naturalist by observing the eating habits of alligators, visiting with killer whales, petting llamas, and experiencing first-hand the ecosystems of the African savannah?

America’s theme park mecca has a subtle side, with fine dining, spas, wildlife encounters and a tropical oasis. Discovery Cove offers a “tropical beach” and the “dolphin experience”, during which you swim with dolphins in a beachy lagoon. Cirque du Soleil’s latest production, is in Downtown Disney’s West Side. A fantastic feast for the senses, it combines compelling characters, dreamy costumes, dramatic sets and powerful music with acts that take your breath away and defy gravity. Winter Park, just north of Orlando makes for a lovely day trip. The little city has brick-lined streets, boutiques and cafes. The Charles Hosmer Morse Museum of American Art is located here. Scenic boat tours and airboat rides offer outstanding views of Florida wildlife, history and vegetation.

The Hyatt Regency Orlando will host SOHN’s 38th Annual Meeting, September 19 - 23. Conveniently situated in the center of International Drive, Hyatt Regency Orlando brings you within minutes of world-famous theme parks while allowing you to escape in upscale accommodations and premium amenities. SOHN meeting attendees will love the prime Central Florida location near Orlando International Airport, SeaWorld® Orlando, and Universal Orlando Resort®.

Hyatt Regency Orlando is a paradise for professionals, located across the street from the Orange County Convention Center. Hyatt Regency Orlando was named the second best Meeting Hotel by CVENT and the only hotel directly across the street from the convention center’s main entrance.

The hotel is highly accessible to all Orlando’s top attractions, including Walt Disney World® Resort, SeaWorld® Orlando, Universal Orlando Resort®, the Kennedy Space Center Visitor Complex, and Cocoa Beach. Hyatt Regency Orlando warmly welcomes guests with luxurious accommodations and attentive customer service. Only a short drive to historic Downtown Orlando, the hotel is the perfect starting point for sightseeing. You’re bound to find something fun to do, whether you want to shop the Orlando Premium Outlets, or visit the myriad museums and cultural attractions in the area. While you are visiting the Sunshine State, take some time to bask in the rays the Hyatt’s pristine swimming pools. Choose from the zero-entry grotto pool with a slide and interactive water feature or our olympic-size terrace pool, each with a children’s pool and a jacuzzi hot tub.

Make your plans now to attend this outstanding educational event set in the “City Beautiful” and imagine the possibilities...

Consider just a few reasons why you should plan a trip to Orlando...

Get connected with a vibrant community of your peers at this year’s annual meeting and help to advance ORL nursing through continuing education. State of the art courses, encompassing diversity and the specialty of ORL and Head-Neck Nursing have been developed to challenge and educate; addressing clinical issues, professional roles and education and leadership strategies. Topics have been carefully chosen to include advanced (APN) and basic courses, sub-specialty sessions and an exciting array of general ORL presentations.

Noteworthy Courses & Events

Opening Ceremony

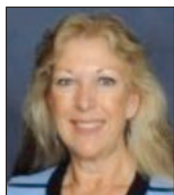

Saturday, September 20 • 1:15 p.m.

Keynote Address

Innovation, Imagination and Inspiration

Tina Prince, DNP, MBA, RN, NEA-BC

Chief Nurse, Nursing Support Services
James A. Haley VA Hospital

In her address Tina Prince will focus on the journey of today's nurse, discussing the various levels of entry into our profession and options for continuing education tracks. The

presentation will address challenges and barriers that nurses encounter during their journey and innovative ideas to overcome the obstacles. She will also share information from the IOM 2010 report – "The Future of Nursing: Leading Change, Advancing Health".

Tina Prince, DNP, MBA, RN, NEA-BC is the Associate Nurse Executive of Mental Health at the Atlanta VA Medical Center. Dr. Prince is an Army Veteran, with 27 years nursing experience. Her career includes cardiac and critical care nursing and executive leadership. She is the recipient of several professional honors and awards including the Patriot Award 2010. Active member of professional organizations most notably: American Organization of Nurse Executives-VA/Military Nurse Leader Committee and Florida Organization of Nurse Executives- Education Committee and Sigma Theta Tau. She is a VA Certified Mentor and a strong proponent of continued learning through both formal and informal education. As a leader in Mental Health Nursing, she has served on the Office of Nursing Service Mental Health Field Advisory Council; Steering Committee for the National RN Residency Program and selection committee for the VA Nursing Academy. She has attended VA Central Office Service Chief Training, Behavior Leadership Training and National Mental Health Conferences where several nursing staff presented evidence based practices developed during her tenure. She has served as a Coach for Competency Development for Leadership and a PRIDE mentor. She participants in organizational committees such as MH System Redesign

Collaborative, Nursing and Hospital Strategic Planning Groups, Magnet Gap Analysis and Planning group and CARF Steering Committee.

Tina has presented and written extensively on practice innovations, the nursing leadership imperative, meeting IOM recommendations and leading a Magnet re-designation writing team. You are sure to be inspired by her story, her acumen in healthcare trends, nursing practice, and innovations in patient care.

Featured Session

Tuesday, September 23 • 12:45 p.m.

The Future of Nursing: Leading Change, Advancing Health

Mary Lou Brunell, MSN, RN

Executive Director, Florida Center for Nursing
Co-Lead, Florida Action Coalition

Mrs. Brunell will present information on how the Florida Center for Nursing is able to describe with great accuracy its present and future nurse workforce. She will introduce

participants to the National Forum of State Nursing Workforce Centers and discuss how it relates to the Future of Nursing: Campaign for Action. The Florida Action Coalition will be described as a model of state level effort to achieve the recommendations of the IOM report The Future of Nursing: Leading Change, Advancing Health.

Mary Lou Brunell was appointed to the position of Executive Director for the Florida Center for Nursing in November 2002. Mrs. Brunell completed her graduate work at the University of Pennsylvania. She has worked as a critical care nurse, administrator, and educator prior to her current commitment to nurse workforce and health policy issues. Mrs. Brunell's professional activities include appointment to the National Advisory Council for Nurse Education and Practice. In partnership with the Florida Blue Foundation, Mrs. Brunell co-leads the Florida Action Coalition, convened to advance the recommendations of the IOM report – Future of Nursing: Leading Change, Advancing Health.

Closing Session

Tuesday, September 23 • 1:45 p.m.

Transitional Care-It's Here to Stay

Connie Yuska, MS, RN, CORLN

Vice President - System of Care
ACNO, Northwest Community Healthcare

This session will examine how healthcare in the United States is going through a revolution. Some have speculated that no single event in the history of healthcare in our country has been as significant as the changes that we have experienced and will continue to experience. How and where patients receive healthcare is changing rapidly. The role of the nurse leader in guiding those changes is critical. This course will describe how nurse leaders can be instrumental in leading changes in care models in their own settings.

ORL Nursing Pharmacology Course

Friday, September 19 • 8:00 a.m. – 4:45 p.m.
(ticketed course – additional fee)

Topics include:

- Immunotherapy: SCIT & SLIT – What's the Difference?
- Pharmacologic Management of Nasal Conditions Associated with Systemic Diseases
- Dropping Acid: Pharmacological Update on Management of GERD/LPR
- Herbal Therapies: Utilization in Your ENT Practice
- Antineoplastic Drug Treatments for Head and Neck Cancer
- Soaring to New Heights: New Ways to Get High
- Post FESS Pharmacologic Management

Comprehensive ORL and Head-Neck Nursing Course

Friday, September 19 • 7:30 a.m. – 4:45 p.m.
Course continues on Saturday,
September 20 • 8:50 – 11:05 a.m.
(ticketed course – additional fee)

The overall purpose of this course is to provide the ORL nurse with an overview of common ear, nose and throat problems/disorders and their management. The material has been divided into sections to include: Otolaryngology; Disorders of the Nose, Sinuses and Oral Cavity; Pediatric

Otolaryngology; Head and Neck Disorders; and Treatment Modalities for Head and Neck Cancer. Each of the anatomical sections will review the normal anatomy, common disorders, etiology, symptoms, diagnostic evaluation and management. The course is ideal for the nurse who is new in the otolaryngology specialty or for the seasoned ORL nurse seeking a good review.

APN Scoping Course 2014

*Sunday, September 21 • 12:45 – 5:00 p.m.
(ticketed course – additional fee)*

This course provides didactic information and hands on experience with the use of rigid and flexible scopes. The first two hours will focus on the didactic information including: anatomy of the nose, sinuses, nasopharynx, hypopharynx and larynx; indications for flexible and rigid endoscopic exam, techniques, potential risks, abnormal findings and coding / billing procedures. Pediatric scoping evaluation and common abnormalities will be discussed. The last two hours will provide practicum time integrating rigid and flexible exams using head models. Experienced faculty will demonstrate skills and participants will have time to practice these skills on the models. Volunteer participants may be able to scope each other pending availability of special equipment.

SOHN's President's Gala Titanic - The Experience

Saturday Evening, September 20, 2014

\$65 (Includes tour, dinner, re-enactment and transportation)

Redesigned in 2012, Titanic: The Experience immerses visitors in the more than 100 year old story as never experienced before.

Titanic The Experience, exclusively features...

- A 17 gallery, 20,000 square foot Interactive Museum
- Guided tours led by trained actors in period dress portraying actual Titanic notables
- "Little Big Piece" a 3-ton section of the Ship's hull and the second largest piece of Titanic ever recovered
- Full-scale recreations of her Grand Staircase, First Class Cabin, Verandah Cafe and more

Hundreds of thousands of visitors each year come to stroll through full-scale recreations of famous Titanic rooms, including her Grand Staircase, First Class Parlor Suite, Boilers, and Promenade Deck, where you can walk out and feel the chill of the cold Atlantic air as you gaze at the stars.

Exceptionally trained actors in period costume portray famous Titanic notables such as Captain Smith and Margaret Brown, sharing stories of her passengers and crew during a guided journey on board the most famous ship in history. The exhibit showcases an extensive Underwater Room, displaying an 8-foot replica of Titanic as she appears on the bottom of the Atlantic today as well as over 400 artifact and historical treasures, including the second largest piece of Titanic ever recovered.

Titanic Dinner Event - Saturday Night

At a one-of-a-kind Titanic Dinner Event you are a participant in one of the most famous dinner parties in history, celebrating the retirement of Titanic's legendary Captain E. J. Smith as they did the night of the sinking. You will experience a sumptuous three-course meal, and will be treated to a "night to remember". You will interact with some of Titanic's most notable passengers and luminaries treating you to first-class food, first-class show and first-class fun! This unique experience also includes a tour of the ship and a re-enactment of that tragic night of April 14-15. Come on board our wonderful 'Ship of Dreams' and help us to keep her legacy alive.

ENT-NF Annual Benefit

Sunday evening, September 21 –

Monday afternoon, September 22

Awarding of prizes: Monday at 3:15 p.m.

The very entertaining and outrageous ENT-NF Annual Benefit, the Outrageous Raffle, offers unique gifts and prizes that have been generously donated. By participating in the event you can win great items while promoting the work of the Foundation. Benefits: Priceless.

Posters

Posters will be displayed and available for viewing during Congress. Posters will reflect various administration, education, clinical practice, and research topics of interest to ORL nurses. This is a wonderful opportunity to share your knowledge with other ORL nurses. There are monetary rewards for outstanding posters at Congress. Do not miss this opportunity to share your ideas and possibly win one of the poster awards. Applications are available on the SOHN website with the other conference information.

Application Deadline ~ June 24

Grand Opening of SOHN Exhibit Hall

Sunday, September 21 • 10:00 a.m.

Don't miss the ribbon-cutting event that marks the official opening of the Exhibit Hall. Refreshments will be served as you view displays reflecting the state of the art in technology, products and services. With cutting-edge products and services showcased throughout the exhibit hall, this is truly a highlight of the annual meeting. You're guaranteed a solid return on investment for the time you spend with company representatives and you'll walk away with new ideas to improve your practice. Attendees who complete their Exhibit Viewing Card will have a chance to win a free 2015 Congress Registration!

Hours: Sunday 10:00 am – 4:30 pm

Monday 8:00 am – 3:45 pm

Getting to Know You in Orlando

(An Insider's Secrets to Congress 2014)

Saturday, September 20 • 8:00 – 8:45 a.m.

Each year a number of attendees come to SOHN's Congress for the first time. If you are a first-timer, choose to attend the First-Time Attendee Orientation. First-Timers will be greeted by SOHN's National Congress Planning Committee and many volunteers who have "been there and done that". In addition to meeting other first-time attendees, you will hear insider's secrets to help you get the most out of Congress 2014.

Noteworthy Courses & Events ... continued

Meet and Greet Wine and Cheese Reception

Sunday, September 21 • 6:00 – 7:30 pm

Join friends old and new and relax after a busy day at Congress 2014. Stroll leisurely through the poster presentations and learn new techniques or practices. Meet the Candidates and hear their positions. Greet the Board of Directors and let them inspire you to be involved. Mingle with the local chapter members and view their displays. Participate in the ENT-NF Benefit. Enjoy a taste of artisanal cheeses, specialty breads and fresh tropical fruit. Cash bar. A perfect way to end your day!

Stepping Forward for the Foundation

*Sunday, September 21 • 7:00 - 8:00 a.m.
(ticketed event – \$35)*

Rise and shine and walk for the ENT-NF (SOHN's Foundation)! Join our walk leader, Anne Bigelow, on another one of her exciting and adventuresome journeys.

In addition: Invite colleagues, family and friends to sponsor your walk. Chapter members join the Chapter Challenge and walk for the Foundation. All donations will benefit ENT-NF Scholarships, Lectureships, ORL Education and Research.

Each participant will receive a limited edition 2014 Foundation T-shirt.

Society of Otorhinolaryngology and Head-Neck Nurses

Notice of Business Meeting

Monday, September 22 • 3:45 – 5:30 p.m.

Join the SOHN Officers and Board Members for the Annual Business Meeting. Elect new officers and learn what is happening in your association. All registrants are welcome to attend.

CORLN Luncheon

*Sunday, September 21 •
11:30 a.m. – 12:45 p.m.
(ticketed event – \$35)*

Sponsored by the National Certifying Board for Otorhinolaryngology and Head-Neck Nurses (NCBOHN)

We are proud of our CORLNs! It's time to gather again and meet informally with CORLNs from around the country while enjoying a special buffet luncheon designed expressly for our certified nurses. Please bring two test questions to add to our test item bank.

Special Interest Group Meetings

Saturday, September 20 • 3:15 – 5:30 p.m.

ORL Nursing covers a wide range of subspecialties, each of which present a special set of skills and unique knowledge base. SOHN special interest groups (SIGs) will link you with other members practicing in your designated subspecialty. All SIGS will be meeting at Congress. Join a SIG and share your ideas and gain new information.

SOHN's 38th Annual Congress

1. Become energized by the passion and commitment that comes from being a part of this dynamic, future oriented organization.
2. Learn the latest developments in ORL nursing practice and research.
3. Choose from over 65 sessions with more than 100 speakers ~ participate in a multitude of ORL subspecialty courses and earn nursing contact hours.
4. Network with nurses to share successful strategies and best practice ideas.
5. Interact one-on-one with exhibitors and see demonstrations of new products and technologies.
6. The largest gathering of ORL nurses in the World!

Program Goal

The 38th Annual Congress and Nursing Symposium will provide ORL nursing professionals with learning experiences and networking opportunities that will enhance their practice as well as develop their mentoring and leadership skills.

Program Objectives

- Identify ways to integrate and disseminate information about evidence-based ORL/Head-Neck nursing care.
- Identify issues and trends that will impact the future of ORL/Head-Neck nursing practice.
- Discuss new and innovative clinical practices to use in your own work environment.
- Participate in an environment of peer networking and collaboration.

Target Audience

Nurses interested in developing or enhancing their knowledge, skills and expertise in ORL nursing and patient care and who value networking with ORL colleagues from around the world.

This Convention is Living Green

Program materials including submitted speaker handouts and presentations, will be accessible online before, during and after the convention at www.sohnnurse.com

Pre-Registration

Early Bird and Regular registrants will receive a receipt in the mail. To receive your prepared packet bring your receipt to the SOHN Registration Booth (hours listed in the Program) at the Hyatt Regency Orlando. You will need this packet before attending courses, so allow ample time for the registration process. The pre-registered EARLY BIRD and REGULAR fees are lower than ONSITE fees. And, if you pre-register, you will avoid delays while your meeting materials are prepared.

Non-Members

Non-member Registered Nurses and LPNs/LVNs may apply, pay dues, and obtain Member rates for Congress at the same time, resulting in savings on congress registration. Eligible non-members are encouraged to become SOHN members at this time. Those ineligible for membership may receive our publications and mailings by becoming a subscriber.

Early-Bird Registration

Must be postmarked no later than July 17
SOHN Member \$465 Non-Member \$590

Regular Registration

Postmarked between July 17 and September 2
SOHN Member \$515 Non-Member \$640

On-Site Registration

After September 2 please register on-site. You must be registered and receive your Congress packet before attending any classes, so plan your arrival time to allow for the registration process.
SOHN Member \$540 Non-Member \$665

Daily Rate

Badges will indicate daily attendees.
(Please indicate which days you plan to attend on the registration form.)

Early-Bird - Must be postmarked no later than July 17

SOHN Member \$185 Non-Member \$210

Regular - Postmarked between July 17 and September 2

SOHN Member \$235 Non-Member \$260

On-site after September 2

SOHN Member \$260 Non-Member \$285

Payment

Payment must be made at the time of registration, by Credit Card (American Express, Discover, Master Card or VISA only), check or money order. By Fax or Online: credit cards only. By Mail: Credit cards or payment by check/ money order in U.S. Funds Only.

Registration/Information Booth Hours

Friday	7:00 a.m. – 5:00 p.m.
Saturday	7:30 a.m. – 5:00 p.m.
Sunday	8:30 a.m. – 4:30 p.m.
Monday	7:30 a.m. – 4:00 p.m.
Tuesday	7:45 a.m. – 3:00 p.m.

Cancellations

- You may cancel by fax, mail or email.
- A refund of 50% of the registration fees will be returned to those who notify SOHN in writing by **August 15**. After this date, refunds for registration fees will not be issued.
- Substitutions are allowed, but:
 - A non-member replacing a member pays the difference in fee.
 - A member replacing a non-member will not receive a refund.

Faxes and Receipts

SOHN is not responsible for faxed or online registrations not received due to mechanical failure or circumstances beyond our control. Due to the high volume of registrations, we are unable to confirm receipt immediately. Confirmations will be mailed within two weeks.

Congress Attire

Business attire is appropriate for attending educational sessions and exhibits. A sweater or light jacket may also be necessary during the sessions, as the rooms often become cold.

Nursing Contact Hours

The Society of Otorhinolaryngology and Head-Neck Nurses is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The maximum number of nursing contact hours attainable for this program is 32.75 hours.

Hotel Reservations

Hotel reservation information is available on the SOHN website www.sohnnurse.com. All SOHN activities will be held at the Hyatt Regency Orlando. Continuous shuttle bus service will run between the official meeting hotels and the Orange County Convention Center, with the exception of hotels within walking distance, beginning on Saturday. It is suggested that SOHN registrants make their reservations immediately upon receipt of this brochure and secure rooms at the Hyatt Regency Orlando.

Second choices should be hotels close to the Hyatt Regency Orlando or on the shuttle bus route. **NEW THIS YEAR** - Attendees who reserve their room through the SOHN / AAO-HNSF official Housing Company, Wyndham Jade, will receive a Shuttle Pass enabling them to ride the shuttle between AAO-HNSF Official Hotels and the Orange County Convention Center at no additional cost.

The shuttle pass is required to be displayed for your return trip from the Orange County Convention Center to your hotel. If you do not make your hotel reservations through the official SOHN Housing web site, you may purchase a shuttle bus pass for \$25 per person from the AAO-HNSF at the Orange County Convention Center.

Valid from September 20-24.

**PLEASE IDENTIFY YOURSELF AS A
SOHN CONFERENCE ATTENDEE.**

Transportation from Orlando International Airport to the Hyatt Regency Hotel

Nestled near Orlando International Airport, simply take Toll Road 528 West for a fast, easy ride to the hotel. All driving directions will lead you to this highway, and the hotel is located at Exit #1, International Drive/ Convention Center/ SeaWorld.

Directly across from the Orange County Convention Center

- Only 15 minutes from historic downtown Orlando, Florida
- A short drive to Walt Disney World® Resort, SeaWorld®, and Universal Orlando Resort®
- Just 15 minutes to Orlando International Airport (MCO)

Orlando International Airport (MCO):

Mears shared ride shuttle rates

- One Way - \$20
- Round Trip - \$32

Taxi

- Estimated cost - \$35-\$45

Orlando Sanford International Airport (SFB):

Taxi

- Estimated cost - \$90-\$100

AAO Exhibit Hall Daily Passes

The AAO-HNSF Exhibit Hall will be located in Orange County Convention Center. Daily passes are available for \$125 per day through SOHN advance registration. Designate your choice of day(s) on the registration form.

*(**After August 15 exhibit hall passes must be purchased from AAO-HNSF at the Orange County Convention Center.)*

**AAO-HNSF Exhibits located at the
Orange County Convention Center will
be open:**

Sunday, September 21

10:00 a.m. - 5:00 p.m.; 6:00 - 7:30 p.m.

Monday, September 22

8:00 a.m. - 5:00 p.m.

Tuesday, September 23

8:00 a.m. - 3:00 p.m.

Living Green!

Congress 2014 will continue to be eco-friendly. Less paper, less hassle and more benefits for the attendees. Handouts will be distributed online! All registered attendees will have access to session handouts before and after the meeting. Education session handouts submitted before Congress will be placed on SOHN's website for easy access, review and printing. Visit www.sohnnurse.com after September 10th and select the Meetings/Educational Offerings Section to download, print and to learn more. Please note that paper copies of these handouts will not be available on-site.

Evaluations and Nursing Contact Hour Certificates

Each participant will receive a unique identifier via email from Express Evaluations to use on a dedicated web site. You may enter your evaluation information online during the SOHN Congress on your computer, at the business center or wait until you arrive home. You must complete both program and session evaluations to receive contact hours and to print your certificate. In addition to a certificate, you will also receive a print out of the sessions you attended. You can even direct your certificate to your email address and print it out at your leisure. And, if you lose your certificate, you can print it again. The immediate feedback will also assist the SOHN Education Committee in planning next year's program.

SOHN 38th Annual Congress & Nursing Symposium

Preliminary Program

Friday, September 19, 2014

7:00 am-5:00 pm SOHN Registration/ Information

ORL Comprehensive ORL and Head-Neck Nursing Course

(Sessions 110-114)

(add'l fee required)

Deena B. Hollingsworth MSN FNP-BC CORLN - Coordinator

7:45-9:45 am **110 Disorders of the Nose, Sinuses and Oral Cavity**
Erin Ross DNP MS ANP-BC CORLN

10:15-11:45 am **111 Pediatric Otolaryngology Issues**
Wendy Mackey APRN-BC CORLN

12:45-3:15 pm **112 Head and Neck Disorders**
Barbara Carter MSN RN CORLN

3:30-4:45 pm **113 Treatment Modalities for Head and Neck Cancer**
Tara DiFabio MSN RN CORLN

Comprehensive ORL Course continues on Saturday, September 20

8:50-11:05 am **114 Otolaryngology**
Deena B. Hollingsworth MSN FNP-BC CORLN

The overall purpose of this course is to provide the ORL nurse with an overview of common ear, nose and throat problems/disorders and their management. The material has been divided into sections to include: Otolaryngology; Disorders of the Nose, Sinuses and Oral Cavity; Pediatric Otolaryngology Issues; Head and Neck Disorders; and Treatment Modalities for Head and Neck Cancer. Each of the anatomical sections will review the normal anatomy, common disorders, etiology, symptoms, diagnostic evaluation and management. The course is ideal for the nurse who is new in the otolaryngology specialty or for the seasoned ORL nurse seeking a good review.

AP/PHARM Nursing Pharmacology Course (sessions 120-126)

(add'l fee required)

Debbie Ritchie FNP GNP AOCN CORLN - Coordinator

8:00-9:00 am **120 Immunotherapy: SCIT & SLIT – What's the Difference?**
Jane Cooper FNP-BC CORLN

A review of the history of immunotherapy, the indications and mechanisms of how immunotherapy works, specifically allergy injections (SCIT) and sublingual therapy (SLIT). It will include discussion of care of immunotherapy patients and the challenges involved.

9:00-10:00 am **121 Pharmacologic Management of Nasal Conditions Associated with Systemic Diseases**
Maggie Krampner RN FNP CORLN

In all aspects of medical care clinicians must "think out of the box" when patients are not responding as we anticipate to prescribed medical therapy. There are several medical conditions that may present as nasal problems only to later be diagnosed as systemic disease. Primary care or other medical specialties such as rheumatologists may request an ENT consult to confirm a specific medical condition. The purpose of this discussion is to present several systemic medical conditions that may present initially as an ENT related problem. Discussion will include a brief summary of the disease with a focus on current pharmacologic management of these conditions. This course will review the following systemic conditions: Wegener's Granulomatosis, Churg-Strauss Syndrome, Sarcoidosis, and Hereditary Hemorrhagic Telangiectasia (HHT) or Osler-Weber Rendu disease.

10:15-11:15 am **122 Dropping Acid: Pharmacological Update on Management of GERD/LPR**
Anne De Leo CRNP CORLN

The main focus of this presentation will be on pharmacologic management of GERD/LPR in children and adults. There will be a brief overview of GERD/LPR with common history, signs and symptoms and diagnostic evaluation. The major focus will be on current drugs and dosages, new medications, those in clinical trials and the potential side effects or adverse reactions associated with long term therapy. Adjunctive therapies may enhance pharmacologic treatment and will be discussed. Interactive discussion time will be included.

11:15-12:15 pm **123 Herbal Therapies: Utilization in Your ENT Practice**
Debbie Ritchie FNP GNP AOCN CORLN

Discuss different types of herbal medications on the market that are safe, those that are not. Discuss utilization of herbal medications, possible interactions, side effects, efficacy, evidence based facts. Discuss identification of safe herbal medications versus those that could be harmful.

1:15-2:15 pm **124 Antineoplastic Drug Treatments for Head and Neck Cancer**
Lindy Ford MSN RN

Provide information about most frequent side effects/toxicities and care of the head and neck cancer patient being treated with antineoplastic drugs.

2:15-3:15 pm **125 Soaring to New Heights: New Ways to Get High**
Cheryl Brandt MSN RN ACNS-BC CORLN

As nurses we are aware of and concerned about our patients becoming addicted to opioids and other addictive type prescription drugs. Unfortunately, there are many non-prescriptive ways for people to get high, which are just as addictive. Many of these illicit drugs cannot be detected in current drug screen testing. What are the current street drugs out there and how does their use impact our ability to care for our patients?

3:30-4:30 pm **126 Post FESS Pharmacologic Management**
Christine Reger MSN CRNP

This lecture will identify sinus patients needing ongoing pharmacologic management. First line therapy will be discussed. Medical therapy options if disease persists will be addressed.

5:00-6:00 pm **Congress VIPs Meeting**

Saturday, September 20, 2014

7:30 am-5:00 pm SOHN Registration/ Information

8:00-8:45 am **Getting to Know You in Orlando**
(First Timers' Orientation)

ORL 114 Otolaryngology
Deena B. Hollingsworth MSN FNP-BC CORLN

Comprehensive ORL Course continued from Friday, September 19
(add'l fee required)

8:50-9:50 am **Special Interest Group Facilitators Meeting**

8:50-9:50 am **Nursing Practice and Research Committee Meeting**

8:50-9:50 am **National Membership Enhancement Committee Meeting**

8:50-9:50 am **Health Policy and Advocacy Committee Meeting**

ARS/R 210 Drug-Eluting Stents and Other Options for Managing Middle Meatus after FESS
Martin J. Citardi MD

Since the introduction of sinus surgery 30 years ago, the optimal strategy for postoperative care has been the subject of considerable debate. The role of endoscopic débridements has been controversial, although most surgeons favor judicious débridements as part of the overall strategy. Over the past 15 years, the treatment of chronic rhinosinusitis has shifted from treating infection to treating inflammation, and thus, corticosteroids are more commonly employed today. Most recently, a drug-eluting stent, designed for placement in the ethmoid cavity at the conclusion of surgery, has been introduced. Other dissolvable agents may also serve to deliver drugs postoperatively. This presentation will highlight an approach to postoperative care, and will highlight various techniques for drug delivery to sinus cavities during the immediate postoperative period.

OTO/PED 211 Pediatric Vestibular and Balance Disorders
Robert C. O'Reilly MD

This course will review the important points in the clinical and laboratory testing of pediatric balance disorders.

OR 212 Gundersen Health System's Green Initiatives
Chester F. Hilton RN BSN CNOR

Gundersen Health System has numerous programs to "Reduce, Reuse, Recycle, and Rethink" the way health care impacts their environment, and communities while keeping the cost of health care affordable to the patients they care for.

OTO 220 Sudden Sensorineural Hearing Loss Treatment Options and Auditory Rehabilitation
Gregory J. Artz MD

Unilateral Sudden Sensorineural Hearing Loss can be devastating to patients when it happens. Early identification of hearing loss and treatment can improve outcomes. However, for many, hearing loss remains and the cause can be elusive. This course will first discuss the evaluation, identification and acute treatment for sudden sensorineural hearing loss; the second part of the presentation will discuss rehabilitation options which include conventional hearing aids, implantable hearing aids and cochlear implants.

PED/FPS 221 Pediatric Facial and Ear Trauma
Sharon Schroeder CPNP APNP

Facial trauma in the pediatric population continues to be on the rise in recent years. Leading causes of facial trauma include motor vehicle accidents, accidental injuries, personal violence and sport related injuries. This lecture will review the medical/surgical management of a variety of injuries including: auricular hematomas, facial fractures, nasal fractures and lacerations. Psychological implications for the child and family will also be discussed.

HN 222 Thyroid Surgery, Past, Present, and Future
Brendan C. Stack, Jr. MD FACS FACE

The talk will cover thyroid surgery from its inception to modern practice.

12:10-1:15 pm **Lunch Break**

12:10-1:15 pm **Chapter Presidents Meeting**

1:15-3:00 pm **Opening Ceremony**

GEN 230 Keynote Address ~ Innovation, Imagination and Inspiration
Tina Prince DNP MBA RN NEA-BC

In her address Tina Prince will focus on the journey of today's nurse, discussing the various levels of entry into our profession and options for continuing education tracks. The presentation will address challenges and barriers that nurses encounter during their journey and innovative ideas to overcome the obstacles. She will also share information from the IOM 2010 report "The Future of Nursing: Leading Change, Advancing Health".

3:00-3:15 pm **Break**

FPS 240 Facial Plastic and Reconstruction Special Interest Group
Shannon Brady MSN RN CRNP CORLN

This course is devised as an open forum to encourage communication between SOHN nurses who have an active interest in Facial Plastic and Reconstructive Surgery.

AP 241 Advanced Practice Special Interest Group
Troy J. DeRose CRNP RNFA CORLN ANCC-C

This is an interactive networking meeting of Advanced Practice Nurses who work in ORL, a variety of settings. It offers meeting colleagues, discussion of common interests and problems. Attendees will have the opportunity to share future educational program topics and speakers. Future planning for the APN SIG will also be discussed.

OR 242 Perioperative Special Interest Group
Dee Grant BSN RN CNOR

This session will enable networking and discussion among ORL nurses working primarily in the Perioperative area, including Pre-op, OR, PACU and Post-op care units. An open forum will be used to discuss common interests, problems and needs. The group will identify suggestions for topics and speakers related to this specialty for future SOHN programs.

OBP 243 Office Based Practice Special Interest Group
Mary Ellen Diotalevi RN CORLN

Open forum for the ORL nurses who work in office based practice. Common interests and problems will be shared. The participants will meet colleagues and provide recommendations for speakers and topics for future educational programs which help meet their continuing nursing educational needs. Attendees will have the opportunity to shape the direction of the OBP SIG and take an active leadership role as a future facilitator.

FED/Mil 244 Federal/Military Special Interest Group
Jonathan Ramos MSN RN

Meeting and discussing common interests and problems of Otolaryngology in the Federal System; form a network for sharing ideas and resources.

OTO 250 Otology Special Interest Group
Deborah Farragher BSN RN CORLN

The Otology Special Interest Group meeting will focus upon topics relevant to the otology group. Promotion of information sharing and networking opportunities. A current topic of interest is national Carepaths based upon national evidenced based data. The institute in which I work has been formulating a Dizziness/Vertigo Carepath to assist in the standardization of the care of dizziness patients. Interactive discussion pertaining to other institutes processes can be shared.

ARS 251 Allergy and Sinus Special Interest Group
Christine Reger MSN CRNP

This Special Interest Group provides time to participate in an interactive discussion on care of patients with allergy, rhinosinus problems. Meet other nurses who share this interest. Discuss common interests within this specialty, as well as common problems. The SIG will brainstorm and propose at least five speakers with topics for the 2015 SOHN education program planning committee. We will gather individual information to develop a SIG Roster which can be utilized to network even after the Congress. We will establish a succession plan to identify and mentor future SIG Facilitators with turnover of the leader position every two years. The future vision of the SIG will be examined.

PED 252 Pediatric Special Interest Group
Laurie Newton DNP RN ARNP

Facilitate an interactive one hour meeting with Pediatric Nursing Otolaryngology practitioners.

HN 253 Head and Neck Special Interest Group
 4:30-5:30 pm Tara DiFabio MSN CRNP CORLN
 This is an open forum comprised of ORL nurses who have a special interest in head and neck nursing. The session will allow for networking of common trends and ideas in head and neck ORL nursing. There will be opportunity to meet colleagues and share best practices in head and neck ORL nursing, as well as identify lecture topics and speakers for future SOHN meetings.

GER 254 Gerontology Special Interest Group
 4:30-5:30 pm Sarah H. Kagan PhD RN
 The Gerontology SIG is a meeting devoted to networking among ORL & HNS nurses in order to improve knowledge of ageing, enhance competence in caring for older adults and participating as members of the interdisciplinary healthcare team to care for older patients and their families.

Evening SOHN's President's Gala ~ Titanic - The Experience
Ticketed event - \$65

Sunday, September 21, 2014

7:00-8:00 am Stepping Forward for the Foundation
Ticketed event, additional fee required
 Meet in the Hyatt Regency Orlando Lobby at 6:45 am

8:30 am-4:30 pm SOHN Registration/ Information

PED 310 Lois Moore Rogers Pediatric Otolaryngology Lectureship
 9:00-10:00 am
 Nurse Navigator Role for Infants and Young Children with Critical Airway Conditions
 Kevin Mary Callans BSN RN

The presentation covers three focuses: (1) the unique and challenging needs of infants and young children with critical airway conditions, (2) the role of a "nurse navigator" to work with families over a two year or longer period, and (3) the progress being made in developing a Transition of Care Model (TCM). The TCM will improve the quality of care provided to these vulnerable children and their families and increase parental knowledge and skill in assuming responsibility for care of their children.

PHARM/GER 311 Managing Persistent Pain for Aging Well Adults
 9:00-10:00 am Donna R. Lewis MSN RN

The presentation will review pharmacological management of persistent pain in aging adults. The presentation will review safe prescribing practices, pharmacological concerns with changes of aging, dosing, adverse reactions and interaction issues among medications commonly prescribed for the aging adult.

HN 312 The Clinical and Social Implications of HPV in Head and Neck Cancer
 9:00-10:00 am Carole Fakhry MD

This session should be in part didactic, in part interactive. The purpose of the initial part of the presentation will be to discuss and review the changing epidemiology of oropharyngeal squamous cell cancers, to discuss the role of HPV in head and neck cancer. We will discuss how HPV-positive cancers of the oropharynx differ from HPV-negative cancers of the oropharynx. We will review the prognostic significance of HPV in oropharyngeal cancers. Lastly we will discuss the social implications of being diagnosed with HPV-OPSCC.

10:00 am SOHN Exhibition Area Ribbon Cutting & Grand Opening

10:00-10:30 am Break with Exhibitors

10:00 am-4:30 pm SOHN Exhibition Area Open

ARS/PHARM 320 Cynthia Mabry Otolaryngic Allergy Lectureship
 10:30-11:30 am
 Immunotherapy: SCIT and SLIT – What's the Difference?
 Jane Cooper FNP-BC CORLN

A review of the history of immunotherapy, the indications and mechanisms of how immunotherapy works, specifically allergy injections (SCIT) and sublingual therapy (SLIT). It will include discussion of care of immunotherapy patients and the challenges involved.

PHARM/APN 321 Clinical Considerations in Immune Globulin Treatment
 10:30-11:30 am S. Shahzad Mustafa MD

This presentation will overview primary immunodeficiency and the importance for early diagnosis and treatment. Case studies will be utilized to exemplify the variations in patients and response to treatment. Pharmacology will focus on Gammagard Liquid, the routes of administration, tolerability, adverse reactions and risk information.

OTO/R 322 "This noise is making me crazy. Please help me!" The Latest on the Management of Tinnitus
 10:30-11:30 am Deena B Hollingsworth MSN FNP-BC CORLN

This session will begin with a review of the definition of tinnitus and differentiate between bothersome and non-bothersome tinnitus. Most of the session will address the various treatment modalities and their efficacy and will finish with an interactive discussion of overall management of this challenging diagnosis.

11:30-12:45 pm Lunch Break

11:30-12:45 pm CORLN Luncheon
Ticketed event

APN/OBP/ARS 330 APN Scoping Course 2014
 12:45-5:00 pm
Ticketed Session/ Additional Fee
Funded in part by a grant from Olympus
 Lorie Sparacino MS PNP-BC CORLN - Course Coordinator
 Melissa Dziedzic MS CPNP CORLN
 Sarah Holdsworth APRN
 Deena Hollingsworth MSN FNP-BC CORLN
 Wendy Mackey APRN-C CORLN
 Erin Ross DNP MS ANP-BC CORLN
 Jane Wang RN MSN FNP

This course provides didactic information and hands on experience with the use of rigid and flexible scopes. The first two hours will focus on the didactic information including: anatomy of the nose, sinuses, nasopharynx, hypopharynx and larynx; indications for flexible and rigid endoscopic exam, techniques, potential risks, abnormal findings and coding / billing procedures. Pediatric scoping evaluation and common abnormalities will be discussed. The last two hours will provide practicum time integrating rigid and flexible exams using head models. Experienced Faculty will demonstrate skills and participants will have time to practice these skills on the models. Volunteer participants may be able to scope each other pending availability of special equipment.

HN/PHARM 340 Kalyann Quinn Hensley Head and Neck/ Laryngology Lectureship
 12:45-1:45 pm
 Building a Bridge...Finding a Voice
 Ann Goulette RN
 Jane Gallagher RN
 Kevin Mary Callans BSN RN

Massachusetts Eye and Ear (MEE) provides family-centered care to children with Juvenile Recurrent Respiratory Papillomatosis (JRRP). The children require between five to fifteen visits a year to receive Potassium Titanyl Phosphate Laser (KTP) laser and Avastin-Bevacizumab treatments. Nurses are the primary interface with families, teaching them how to care for their children.

Our talk will focus on how to address the potential for stigmatization. This potential derives from misconceptions that persist within the children's communities including, their own families, schools (classmates, teachers, and other parents) and even within the medical community. MEE engaged parents through focus groups that also included speech and voice specialist, child life specialists, social service, case management, nursing and physicians. The energy to educating other family members, school administrators, teacher and nurses, pediatricians, primary care physicians, and other medical professionals will be discussed in an effort to de-stigmatize JRRP and contribute to a more secure environment for their children. The focus groups reached a consensus recommendation that included the design and implementation of a JRRP area on the MEE website that provides objective information on JRRP.

FPS 12:45-1:45 pm 341 Facial Trauma and Reconstruction
TBA

PED 12:45-1:45 pm 342 Differentiated Thyroid Cancer in Children and Adolescents
Andrew Bauer MD
Ken Kazahaya MD MBA

This session will focus on thyroid cancer in children and adolescents. Etiology and management will be reviewed. Discussion will include post-operative issues and complications.

APN 2:00-3:00 pm 350 Interpretation of Image Studies for ORL APNs
Carolina Guimaraes MD
Imaging is an important part of ENT diagnosis and pre-surgical planning. This course will give an overview regarding the different types of imaging studies, when to order a radiological study and what to order based on clinical findings. Basic imaging anatomy and findings on most common encountered pathologies will be also reviewed.

ORL/R 2:00-3:00 pm 351 Clinical Practice Guideline: Bell's Palsy
Cindy Dawson MSN RN CORLN
This course will review the process and development of a guideline addressing Bell's Palsy. The guideline seeks to improve the quality of and reduce variation in the care Bell's Palsy patients receive. The course will present key action statements that address a patient's presentation, history, and physical examination; laboratory testing, electrodiagnostic testing; diagnostic imaging, surgical decompression; oral steroids and antiviral therapy; and patient follow-up. Implementation and research needs will be addressed. The role of the ORL nurse in the care of the Bell's Palsy patient will be discussed including patient education and support.

OTO 2:00-3:00 pm 352 Audiology – Using the Basics for Optimal Patient Care
Holle Aungst AuD

This course will review basic audiometric information including the various audiologic tests used in the clinic, how to read an audiogram and what the results mean for the patient. The contribution of nursing in the audiologic care of the patient and outcomes will be discussed. We will also discuss several special populations, including audiologic case presentation in several disease areas.

3:00-3:30 pm Break with Exhibitors

HN/OR 3:30-4:30 pm 360 Head and Neck Cancer Survivorship
Jo Ann Ward Snyder BSN RN CORLN
This program will discuss the components for a successful head and neck cancer survivorship program. Addressed will be physical, functional, cosmetic and emotional challenges the patient survivor faces when dealing with long term treatment and disease effects. Special attention will be paid to use of the medical, nursing, rehabilitative and community multidisciplinary team to optimize recovery and transition to long term successful survivorship. Examples of treatment summaries and survivorship plans will be presented.

R 3:30-4:30 pm 361 Clinical Outcomes Research
Terri Giordano DNP CRNP CORLN
Outcomes research seeks to investigate the end results of healthcare practices and interventions to determine which interventions work best for which types of patients. Measuring outcomes through quality research leads to the development of evidence based practice. Implementing evidence based practice requires a multidisciplinary team approach involving all key stakeholders in order to achieve high quality patient care and improved patient outcomes.

PED 3:30-4:30 pm 362 Slides: More than Playground Fun
Luv Javia MD
Katherine Hanlon CRNP

The purpose of this multimedia presentation is to educate on what is a slide tracheoplasty, the identification of pediatric patients who could benefit from the procedure, discuss the multidisciplinary collaboration involved in this surgery, and the journey of a patient from the preoperative and postoperative period.

GEN 4:45-5:45 pm 370 Medical Mission Trips Panel: Missions in the Third World, Prepare for Everything
Michael Case MD
Chester Hilton BSN RN CNOR
Maggie Kramper RN FNP CORLN

A panel of two nurses and a surgeon who have been on medical missions share some of their experiences. The preparation of essential personnel and items needed to organize, obtain and pack will be highlighted. The personal rewards and some of the joys of going on medical mission trips will be shared.

GEN 6:00-7:00 pm 380 Meet the Poster Presenters

6:00-7:30 pm Meet and Greet - Wine and Cheese Reception

Monday, September 22, 2014

7:00-7:45 am Education Committee Meeting

7:30 am-4:00 pm SOHN Registration/ Information

8:00 am-4:00 pm SOHN Exhibition Area Open

ORL 8:00-9:00 am 410 Hereditary Hemorrhagic Telangiectasia (HHT) – A Rhinologist's Perspective
Raj Sindwani MD

Provide an update on HHT and the management of related rhinologic issues.

HN/R 8:00-9:00 am 411 Tracheostomy Capping and Decannulation Protocol
Vinciya Pandian PhD RN ACNP-BC

There is a paucity of literature on tracheostomy tube capping and decannulation. Services that care for patients have varied levels of experience and comfort in caring for tracheostomy patients. The Clinical Consensus Statement: tracheostomy care proposed by Mitchell and colleagues suggest some standardized approach to managing tracheostomy capping and decannulation. This one hour course will present the findings from a quality improvement project that shows how a standardized protocol will improve patient outcomes and promote patient safety.

GEN/R 8:00-9:00 am 412 Creating a Healthy Workforce
Michele Farrington BSN RN CPHON
This session will spotlight evidence supporting the need to integrate health and wellness moments into the daily workflow of healthcare providers. This session will describe a variety of brief wellness moments. This session will also discuss results of a research study aimed at increasing time spent in physical activity at work for ambulatory nursing staff.

APN/OBP **420 ICD-10 is Here: Are You Ready?**
 9:15-10:15 am Kim Pollock RN MBA CPC
 The mandatory switch to ICD-10-CM diagnosis codes is just days away! Are you ready? The new diagnosis coding system is completely different from the system we've been using since 1979 and will require every practice and provider to assess, plan, educate and train providers and staff. Every single person in the practice will be affected by ICD-10-CM.

This session will cover the most common diagnosis codes used in ENT practices by subspecialty. We will also discuss common documentation "gaps" that need to be addressed to successfully implement ICD-10-CM in your practice and ensure utilization of the code with the highest level of specificity.

OR/ORL **421 Advances in the Surgical Treatment of Obstructive Sleep Apnea**
 9:15-10:15 am Mas Takashima MD FACS

This session will focus on identifying patients with snoring versus obstructive sleep apnea (OSA). The common sites of obstruction in the obstructive sleep apnea patient will be discussed.

Surgical management of patients with OSA will be highlighted. Elaboration on the future advances in the management of the OSA patient will be shared.

PED **422 Primary Ciliary Dyskinesia: Implications for the Pediatric Patient**
 9:15-10:15 am Melissa Raines MSN CPNP APNP

This course will focus on the presentation of primary ciliary dyskinesia in the pediatric patient. The incidence of occurrence, pathogenesis, diagnosis, and treatment/preventative care will be discussed. Complications secondary to diagnosis of primary ciliary dyskinesia will be reviewed along with the major effects that it can have on a child and family.

10:15-10:45 am **Break with Exhibitors**

HN **430 Oral Cavity Cancer Screening**
 10:45-11:45 am Charles E. Moore MD

Oral cavity squamous cell carcinoma remains a highly morbid disease with substantial risk of recurrence and death. This course will provide a systematic and evidence-based approach to the diagnostic evaluation of the oral cavity with special emphasis on areas of recent change or controversy such as the increasing role of HPV in the development of oropharyngeal squamous cell cancer.

11:45-12:45 pm **Lunch Break**

APN/ORL/HN **440 Evaluation and Management of Spasmodic Dysphonia and Other Neurologic Voice Disorders**
 12:45-1:45 pm Joshua Schindler MD

This course will discuss the evaluation and management of Spasmodic Dysphonia and other neurologic voice disorders. A dynamic presentation with patient videos will be utilized to show voice samples and laryngovideostroboscopy to demonstrate means to assess and treat neurologic voice disorders.

PED **441 Children with Autism Spectrum Disorders (ASD) and Sleep Issues**
 12:45-1:45 pm Donna G. Andrews PhD

The presenter will discuss behavioral characteristics of ASD and how these may influence rest/sleep habits of these individuals, as well as their family members. Recommendations will be made for rest/sleep hygiene based on research based learning strategies.

ARS **442 Autoimmune Disorders of the Nose and Sinus**
 12:45-1:45 pm Jennifer H Carey CRNP CORLN
 Approximately 2% of the population suffers from autoimmune disease and most of these individuals are women. The diseases themselves, as well as the medication management, can adversely affect the nasal and sinus cavity and significantly impact quality of life. This course will highlight common autoimmune diseases, nasal and sinus disease manifestations, appropriate diagnostic testing to help identify the cause and treatment options.

GEN/HN **450 Oh My Aging Voice**
 2:00-3:00 pm Edie Hapner PhD CCC-SLP
 With the ever-increasing aged population of 65-and-over in the United States, there is a mounting need to understand the role of medical and behavioral therapies in the treatment of age-related dysphonia. Voice impairment in the elderly leads to significant impairment of quality of life (Berg et al., 2008; Roy et al., 2007), and a key understanding of this condition, its diagnosis, and treatment strategies will allow speech-language pathologists to maximize the care of their patients with presbyphonia. This 1 hour workshop will explore the pathophysiology of vocal fold aging (presbylaryngeus); the resulting changes to the voice that accompany vocal fold aging (presbyphonia); and introduce participants to several types of treatment that have been studied to treat voice changes with aging.

OBP/ARS **451 Epistaxis 2014: Seeing Red**
 2:00-3:00 pm Lorie Sparacino MS PNP-BC CORLN
 Epistaxis, nasal hemorrhage, is a common ENT emergency. While it is rarely life threatening, it is usually extremely frightening to the patient/family. Most patients can be safely managed in the office/outpatient setting. Some may require emergency room care, hospitalization or surgery. ORL nurses in a variety of settings may be involved in the care and management of a patient with epistaxis. Etiologies will be reviewed as well as the normal vasculature of the nose and common sites of bleeding. The role of the nurse may include: crisis intervention, history assessment, assistant/provider of care. The APN will assess and manage the care and provide education. Basic treatment modalities and products will be discussed. Teaching tools will be shared.

PHARM/HN **452 Chemotherapy for Squamous Cell Carcinoma of the Head and Neck**
 2:00-3:00 pm Sybelle Blakey PharmD BCPS

This lecture will provide an overview of chemotherapy in early stage (stage I & II), advanced stage (Stage III, IVA, IVB) and recurrent/metastatic squamous cell carcinoma of the head and neck. The focus will be on chemotherapy used in advanced stage/recurrent/metastatic settings, including: cisplatin, carboplatin, 5-fluorouracil, cetuximab, methotrexate, gemcitabine, paclitaxel and docetaxel.

3:00-3:45 pm **Break with Exhibitors and ENT-NF Raffle Drawing**

3:45-5:30 pm **SOHN Business Meeting and Installation of Officers**

Tuesday, September 22, 2014

7:45 am-3:00 pm **SOHN Registration/ Information**

ORL/OBP **510 Innovative Swallowing Diagnostics and Treatment**
 8:00-9:00 am Maurits S. Boon MD
 As individuals participating in the care of Otolaryngology patients, we see individuals afflicted with disorders affecting swallowing function. Given the tools and training inherent in our specialty, we are uniquely qualified to evaluate and manage these patients. We will present current options for diagnosing and treating swallowing disorders with an algorithm to guide practitioners. Additionally, we will highlight advances in the field of dysphagia.

OR/HN 511 **Incorporating Head and Neck Ultrasound into Otolaryngology - Head and Neck Surgery**
Arjun Joshi MD

The course will serve as an introduction to head and neck ultrasound for practitioners.

PHARM/APN 520 **Soaring to New Heights: New Ways to Get High**
Cheryl Brandt MSN RN ACNS-BC CORLN

As nurses we are aware of and concerned about our patients becoming addicted to opioids and other addictive type prescription drugs. Unfortunately, there are many non-prescriptive ways for people to get high, which are just as addictive. Many of these illicit drugs cannot be detected in current drug screen testing. What are the current street drugs out there and how does their use impact our ability to care for our patients?

OR/PED 521 **Let's Just ALL Get Along: Collaboration in Fetal/ENT Combination Surgical Cases**

Eryn Hughey RN
Peggy Kelley MD

More and more centers are starting or improving their maternal fetal medicine programs and expanding the fetal interventions offered to patients during their pregnancy. ENT cases are high profile and high risk, though somewhat uncommon. This can become a source of conflict as the fetal team members may not be used to working with physicians and nurses who specialize in ENT/airway and are outside the day to day team. This course will outline the typical types and relative numbers of cases performed in one center. Strategies for inclusivity and collaboration will be reviewed. Ways to fit into the team or welcome the outsiders, depending on your point of view, will be discussed.

OBP/APN 530 **Evaluation and Management of Facial Paralysis/Paresis**
Martha Ryan FNP

To describe the identification, evaluation and management of patients, including workup, treatment and supportive care measures, for patients with facial nerve paralysis/paresis.

HN/FPS 531 **Rhinoplasty: Latest Techniques and Advances in Peri-operative Care**
Edmund Pribitkin MD
Carrie Jamison BSN RN

This course reviews preoperative patient evaluation with emphasis on patient education regarding expectations for Rhinoplasty surgery. Steps will be reviewed to minimize preoperative anxiety and to facilitate healing following surgery.

11:30-12:45 pm **Lunch Break**

GEN 540 **The Future of Nursing: Leading Change, Advancing Health**
Mary Lou Brunell MSN RN

Mrs. Brunell will present information on how the Florida Center for Nursing is able to describe with great accuracy its present and future nurse workforce. She will introduce participants to the National Forum of State Nursing Workforce Centers and discuss how it relates to the Future of Nursing: Campaign for Action. The Florida Action Coalition will be described as a model of state level effort to achieve the recommendations of the IOM report The Future of Nursing: Leading Change, Advancing Health.

GEN 550 **Transitional Care-It's Here to Stay**
Connie Yuska MS RN CENP

Healthcare in the United States is going through a revolution. Some have speculated that no single event in the history of healthcare in our country has been as significant as the changes that we have experienced and will continue to experience. How and where patients receive healthcare is changing rapidly. The role of the nurse leader in guiding those changes is critical. This course will describe how nurse leaders can be instrumental in leading changes in care models in their own settings.

2:45 pm **Closing Remarks**
Maggie Chesnutt MSN FNP BC CORLN - SOHN President

SOHN reserves the right to substitute equally qualified presenters in case of an emergency and reserves the right to cancel or substitute sessions.

2014 SOHN Calendar Events/Deadlines

May

- 3-17 CORLN Examination Testing Period
- 9 National ORL Nurse Day
- 15-16 SOHN Spring Seminar Series & 28th Annual Spring Pediatric Meeting, Las Vegas, Nevada

June

- 24 Poster Application Deadline

July

- 1 Chapter Excellence Award Applications Deadline
- 1 Clinical Excellence Award Application Deadline
- 1 Honor Award Applications Deadline
- 1 Scholarship Applications Deadline
- 1 Forming Chapter Bylaws Deadline

September

- 1 CORLN Examination Application Deadline
- 19-23 SOHN 38th Annual SOHN Congress – Orlando, Florida

October

- 4-18 CORLN Examination Testing Period

- 15 Call for Abstracts 2015 Congress & Spring Seminar Series

November

- 1 Midwinter Board Meeting Guest Attendee Application Deadline
- 1 Nurse in Washington Internship Application Deadline
- 15 Lois Moore-Rogers Lectureship Deadline
- 30 Research Forum Abstracts Deadline

December

- 30 Nominations for Outstanding Service Award Deadline
- 30 Nominations for Friend of SOHN Award Deadline

Future Congress Dates

September 25-29, 2015
Dallas, Texas

September 16-20, 2016
San Diego, California

Certification Examination in Otorhinolaryngology and Head-Neck Nursing

The National Certifying Board of Otorhinolaryngology and Head-Neck Nurses (NCBOHN) endorses the concept of voluntary, periodic certification by examination for all otorhinolaryngology and head-neck registered nurses. Certification is one part of a process called credentialing. It focuses specifically on the individual and is an indication of current competence in a specialized area of practice. Board certification in otorhinolaryngology and head-neck nursing is highly valued and provides formal recognition of basic otorhinolaryngology and head-neck nursing knowledge.

Fall 2014 Testing Period

Application Deadline: September 1, 2014

Testing Begins: October 4, 2014
Testing Ends: October 18, 2014

Application Fees:

SOHN Members \$325
Non-SOHN Members \$425

A Handbook with additional information can be downloaded from Professional Testing Corporation.
www.ptcny.com/clients/NCBOHN/index.html

The Certification Program is sponsored by the National Certifying Board of Otorhinolaryngology and Head-Neck Nurses (NCBOHN). The Certification Examination for Otorhinolaryngology and Head-Neck Nurses is administered for the NCBOHN by the Professional Testing Corporation (PTC), 1350 Broadway - 17th Floor, New York, New York 10018, (212) 356-0660, www.ptcny.com. Questions concerning the examination should be referred to PTC.

Eligibility Requirements:

1. Currently licensed as a Registered Nurse in the United States or the equivalent in other countries.
2. Recommended at least three years of experience in otorhinolaryngology and/or head-neck nursing practice.
3. Completion and filing of an Application for the Certification Examination in Otorhinolaryngology and Head-Neck Nursing.
4. Payment of require fee.
