President's Message

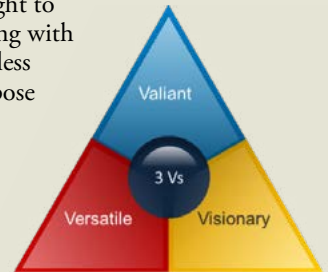

Dear SOHN Members,

Springtime brings a burst of elation, as we shed our layered attire and bask in the gentle warmth that begets joy. I hope your spring is off to a spectacular start. The headquarters of our organization has been abuzz with exciting developments, including the release of the Core Curriculum, the inclusion of student membership, innovative methods to engage both new and inactive members, SIG meetings, and preparations for the Spring Seminar and Annual Congress meetings. It is truly a delightful sight to

witness our board of directors and committee chairs, along with their committee members, in full swing, investing countless hours to imbue our organization with meaning and purpose for each one of you.

When I became president, I presented three notions for you to contemplate as we strive to realize the vision and mission of the organization: Be valiant, be versatile, and be a visionary! Over the last few months of my tenure, I delved into what it entails to be valiant and versatile. This time, I wish to shed light on the aspect of being a visionary. We often think that only leaders need to possess visionary qualities, but I believe that everyone harbors such attributes and manifests them in various ways. Being visionary entails transcending stagnation.

"A dream without a positive attitude produces a daydreamer.

A positive attitude without a dream produces a pleasant person.

A dream together with a positive attitude produces a person with unlimited possibilities and potential." By John Maxwell, "The Success Journey", p-49.

I know each of you possesses a dream, be it to be the best nurse for your patients, the best friend to your colleagues, or the best human being who exudes altruism and serves their patients with the utmost dedication. It is vital to consider the welfare of those around you as you would your own to succeed and relish in our dreams along the way. No matter how arduous the days may be, we must never forget why we became a nurse and lead by example. Whether your dreams pertain to your local setting, regional setting, or global setting, illuminate the path for yourselves and those around you.

Here are some pointers for you to become a visionary nurse leader within your sphere:

1. Discern your vision and articulate what it signifies to you and others.
2. Communicate your vision to enhance the nursing practice to your coworkers.
3. Encourage your colleagues/team members.
4. Refine your goals to realize your ultimate vision.

SOHN presents a valuable opportunity to nurture your dreams, visions, or aspirations of enhancing patient care by providing modest yet impactful evidence-based practice (EBP) and research grants. The application deadline for this year is July 1st. To learn more about these grants and their potential to support your pursuits, kindly send an email to info@sohnnurse.com.

Thank you for embarking on this professional journey with SOHN, and let us know how we can assist you as you provide evidence-based care for your ORL patients.

Vinciya Pandian

SOHN 2023 Spring Seminar

A Virtual Event

Pediatric Day

May 4th, 2023

Adult Day

May 5th, 2023

National ORL Nurse Day is May 9th

Here are some great celebration ideas which you can use in our office, clinic, or unit...

1. Honor your extraordinary ORL nurse(s). Encourage staff, patients, and families to submit a donation and name(s) for the ENT-NF Honor a Nurse Recognition.
2. Start the date with a kickoff breakfast. Serve coffee and tea in mugs and cups with an ORL Nurse Day message imprinted on them.
3. Encourage your employer to sponsor a scholarship for the online Comprehensive ORL Nursing Modules.
4. Encourage your employer to gift copies of the 3rd edition of the Core Curriculum textbook to help a fellow ORL Nurse prepare for their certification exam.
5. Provide ribbons or buttons to all ORL nurses.
6. Encourage a co-worker to become a SOHN Member.
7. Decorate workstations with balloons and banners to make your event even more festive.
8. Distribute ORL Nurse Day stress reliever toys to promote reducing stress on and off the job.
9. Share an ORL Nurse Day cake with our co-workers or celebrate with an Ice Cream Social.
10. Send a letter of appreciation to each ORL nurse in your facility or department.
11. Hold a luncheon and decorate your tablets with ORL Nurse Day chocolate bars to make your event even sweeter.
12. Obtain a proclamation from the mayor of your town proclaiming May 9 as a National ORL Nurse Day.

Share your pictures and stories of how you celebrated by sending them to info@sohnnurse.com.

Oral head and Neck Cancer Awareness Week

The week of April 16 to 22, 2023 is Oral head and Neck cancer awareness week (OHANCAW). The OHANCA program works closely with medical centers and clinics across the country and world and to provide FREE head and neck cancer screenings and education to individuals at risk. The program emphasizes the key message that early diagnosis is key to successful treatment.

SOHN nurses are at the forefront for the identification, treatment and support of individuals and their families affected by oral, head and neck cancer. Thank you for all who are involved in these important initiatives this month. Visit <https://headandneck.org/ohancaw/#> for more information about programs, and how you can become involved.

Oral, Head, and Neck Cancer Awareness

April 16- 22, 2023

May is Better Hearing and Speech Month

Better Hearing and Speech month is celebrated each year in May to bring attention to communication disorders and hearing health. As Otolaryngology clinicians, we are all fully aware of the magnitude of individuals

affected by these concerns including 40 million Americans of all ages with at least one communication disorder and 36 million with some degree of hearing loss. Many of these individuals do not seek or receive appropriate therapy or hearing aids. This day was founded by the American Speech-Language-Hearing Association (ASHA) in 1927. Supported by health professionals nationally, this month focuses on spreading awareness, screening, prevention, education and treatment for individuals with communication and hearing disorders.

Nominating Committee April Update

The Nominating Committee met March 16th to allow those currently holding positions to speak on the responsibilities, time commitments, and their personal experiences while assuming these roles. If you are on the fence about nominating yourself, we hope this recording will help give you some clarity. The video can be found at: <https://www.sohnnurse.com/elections>

SOHN Members will be voting in a new Treasurer, 2 Nominating Committee Members, and 3 Board of Director Members.

Please review eligibility requirements and responsibilities below. Please email smithtd@chop.edu to communicate your intent to run by May 1, 2023. Thank you!

Open Position Responsibilities and Requirements

Treasurer

To be eligible to run for Treasurer, a SOHN member must have previously served on the Nominating Committee or any Board position. The Treasurer attends all the SOHN and ENT-NF Board meetings and provides a financial report at each meeting. The Treasurer will also meet with the President, Executive Director, and Financial person from Management

Company prior to each board meeting to review the finances and make adjustments. In collaboration with the same individuals, the Treasurer will also review, adjust, and report a proposed budget at the MWBM. The commitment is for 2- years, unless you decide to run again for this position.

Board of Directors

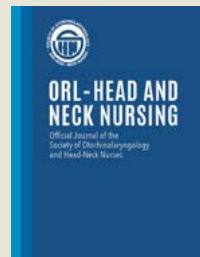

For the Board of Directors, you must have been a member of SOHN for the preceding two years. The responsibilities of the Board of Director positions are to attend Board meetings, participate in assigned committees, and represent the mission and vision of SOHN. The duration of this position is 2 years unless you decide to run again for the position.

Nominating Committee

For the Nominating Committee, you must have been a member of SOHN for the preceding two years. The main responsibility of these positions is to solicit candidates and prepare the election ballot. The approximate time commitment for these positions is about 5 hours total (in addition to individual solicitations you may do in person, by phone, or email) primarily during the months of January through May. The position is a 2-year commitment.

Call for Abstracts for Journal

Exciting news, dear readers! ORL and Head-Neck Nursing, the esteemed and official peer-reviewed journal of SOHN, is undergoing a thrilling transformation. We have taken the first step by transitioning to an innovative e-journal, allowing you to

access our content from anywhere in the world, at any time. As valued members of SOHN, you can enjoy this exceptional publication for free, by simply logging into your member

profile and exploring the vast array of resources available to you.

We are delighted to introduce our newest board member, Wendy Mackey, and congratulate Michele Farrington on her appointment as Associate Editor. Their exceptional skills and passion for nursing will undoubtedly enhance the quality of our journal, and we eagerly anticipate the exciting contributions they will bring to the team.

At ORL and Head-Neck Nursing Journal, the Editorial board remain committed to providing the latest and most scholarly papers from across all sub-specialty areas of ORL nursing, right to your computers. We wholeheartedly invite you to consider submitting your manuscripts to the journal, and encourage your colleagues to do the same. Our doors are open to both SOHN members and non-members alike.

Finally, we are excited to announce that the Editorial Board is actively seeking new members and peer reviewers. If you have a passion for nursing, and would like to contribute to our esteemed publication, we invite you to submit your interest to our Editor in Chief, Margie Hickey. If you have any queries about the journal, editorial board, or peer reviewer roles, please do not hesitate to reach out to us at Margie.Hickey@SOHNnurse.com. We look forward to hearing from you!

Join the Prestigious Group of CORLN Certified Nurses

Board certification in otorhinolaryngology and head and neck nursing is a highly valued achievement and provides recognition of associated nursing knowledge. There are

213 nurses who currently hold the honor of CORLN certification.

The Certification Program is sponsored by the National Certifying Board of Otorhinolaryngology and Head-Neck Nurses (NCBOHN). The Certification Examination

for Otorhinolaryngology and Head-Neck Nurses is administered for the NCBOHN by the Professional Testing Corporation. Testing occurs twice each year in May and October.

Congratulations to our most recently certified CORLN colleagues who certified in October 2022 - Spencer Cross, Caeli Duckworth, Taylor Eaton, Sandra Harston, Melissa Hayes, Nicole Heidelberg, Michael Hulton, Dana Humphrey, Adriana Ramos and Kimberly Schneider.

Let's hear from 2 of our CORLN nurses and why their thoughts on certification:

Anne Lambert De Leo
CRNP, CORLN

Pediatric Nurse Practitioner
The Children's Hospital of Philadelphia

APP Professional Advancement Program
Clinical Leader: Expert

Certification in Otorhinolaryngology Head and Neck Nursing encompasses our unique body of knowledge as an ENT nurse in our everyday practice. As an Advance Practitioner in ENT for 25 years, CORLN has validated my professional dedication to my patients, my best practice, and my commitment to professional growth. CORLN reassures my patients and families that I have confidence in my ORL knowledge and can provide guidance in their care.

Erin J. Ross
DNP, APRN, CNP, CORLN, FAANP

Nurse Practitioner
Cleveland Clinic Head and Neck

It is time to renew my CORLN certification. This process has taken place every 5 years for almost the past 25 years. Wow! I cannot believe how many years have passed since taking the exam. Many things have changed in our industry and specialty, but one thing remains crucial. Certification. Why? At the very basic certification leads to better job prospects by enhancing professional credibility, validating specialized knowledge, and demonstrating a higher level of clinical competence. My CORLN certification has allowed me with opportunities to further my education and nursing career. What are some things that certification has helped in my career? I have developed educational programs, been an invited national speaker, been elected to boards of nursing, used my clinical expertise to set standards within the hospital systems of how nurses practice and even helped to change healthcare legislation. Certification is more than just a confirmation of your knowledge. It's an indication of your competence and performance to the world around you.

Validate your Otolaryngology expertise with CORLN certification.

National Education Committee April Update

Your National Education Committee is very busy! Current projects of the committee include re-accreditation, Core Curriculum, Spring Seminar, Nurse Planner Tutorial, the new Nursing Education Toolkit webpage, Congress and SOHN School.

Let's start at the top:

1. **Re-accreditation:** After initial submission of our self-study and virtual visit last summer, SOHN was requested to submit a progress report that provided quantitative measurement of our Provider Unit's quality improvement activities, prior to receiving full accreditation. Thank you to everyone who completed the survey last year. The data was examined and utilized in quantitatively reporting the improvements made to our SIG meetings. The progress report was submitted, and we received notice on March 20 that we have achieved full accreditation. The Society of Otorhinolaryngology and Head-Neck Nurses, Inc. is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation Special thanks to the Accreditation taskforce (Vinciya Pandian, Sandye Schwartz, Cheryl Brandt, Kristina Keppel, Anne DeLeo, Sharon Jamison, Karen Ulmer) for the many hours of effort everyone put in to help SOHN achieve full accreditation.
2. **Core Curriculum:** The 3rd Edition of the Core Curriculum for Otorhinolaryngology and Head-Neck Nursing is finally here! Under the direction of editors Deena Hollingsworth, Cindy Dawson, and Sara Wheeler, an outstanding group of SOHN volunteers worked to diligently revise and update content to ensure that you, the members, have access to the most current, evidence-based recommendations for ORL nursing care. The 3rd edition has updated content, new chapters, and is available by electronic download only. The electronic version will allow purchasers to search the text for key terms and phrases with much more ease. If you haven't already ordered your copy, please use the following link to order your copy of this valuable ORL nursing resource: <https://www.sohnnurse.com/ncbohn>
3. **Spring Seminar:** SOHN's Spring Seminar will be held Thursday, May 4th, and Friday, May 5th. Julie Chiappa and Nadine Nardello are the co-chairs for the Pediatric Day. Marci Nilsen and Beth Grabiak are co-chairs for the Adult Day. Sharon Jamison is the Education Coordinator and Karen Ulmer is SOHN's Accredited Provider Program Director. The Spring Seminar will be virtual, and registrants will have access to the session recordings for 6 weeks. Recordings will be available to view through June 18. Completed evaluations are due no later than June 23. The planning committee has assembled an outstanding agenda of topics with expert presenters. If you haven't already registered, I encourage you to register for one or both days via this link: <https://www.sohnnurse.com/sohn-37th-annual-spring-seminar>
4. **Nurse Planner Tutorial:** Education for SOHN Nurse Planners and SIG leaders... and anyone interested in learning more about planning and executing ANCC compliant nursing continuing professional development activities was recorded and shared "live" on March 23. The recorded education will be posted on the New Nursing Education Toolkit webpage. After viewing the tutorial, participants will need to complete a post-test with a score of 80% or better to document learning. Please use this link to access the post-test: <https://www.surveymonkey.com/r/SOHNNursePlannerTutorialPostTest>
5. **Nursing Education Toolkit webpage:** NEW! A members-only webpage that includes the most current SOHN education paperwork, examples of completed paperwork that meet ANCC requirements, Blooms Taxonomy, ANCC resources and a Nurse Planner Tutorial video. This resource will be your "go to" site for the most up-to date SOHN nursing continuing professional development resources. Please send Karen Ulmer (fandkulmer@gmail.com) any feedback or suggestions related to the new webpage. We want it to meet YOUR needs. Please ensure you are logged in before accessing this members-only page. <https://sohn.memberclicks.net/nurse-planner>
6. **Congress:** SOHN 47th Annual Congress and Educational Symposium will be September 29 through October 2 in Nashville, Tennessee. SOHN education sessions will be held on the Vanderbilt University Medical Center campus. Similar to last year in Philadelphia, we plan an asynchronous hybrid event. The Congress Planning Committee is hard at work confirming another outstanding slate of presentations and speakers. If you are doing anything new in your practice that you would like to share through a presentation with our SOHN membership, please contact Helen Kim (Congress Planning Chair) or notify HQ at info@sohnurse.com, and a member of the Congress Planning Committee will contact you.
7. **SOHN School Modules:** Our existing SOHN School modules have expired. Volunteers are working on updating and revising the modules. We will have them available to you and your colleagues to enhance your ORL Nursing knowledge base just as soon as possible!

A Report on the Chapter Presidents' Meeting

We were graced with a delightful Chapter Presidents' meeting in January. Our president shared with us the current state of our esteemed organization, shedding light on its growth and progress. Martha Ryan, with the nominating committee, followed by presenting an opportunity for leadership positions that are currently vacant, inviting all Chapter Presidents to encourage their members to self-nominate for these vital roles. As the meeting progressed, the Chapter Coordinator provided an update on the organization's bank accounts and membership payments, prompting a discussion on strategies to combat the challenges small chapters face in maintaining bank accounts due to new state requirements. The insightful suggestions of the Chapter Presidents will be presented to the Board for further discussion.

and approval, paving the way for the best approach to implement them.

The Chapter Coordinator also illuminated strategies for enhancing membership and expanding our reach. In addition to the fruitful discussions, the group also reviewed the Chapter Financial Report and Chapter Excellence Award Application documents, highlighting some confusion regarding the duration for which the reports need to be written. With the change in membership duration to January to December, a request was made to synchronize the report and award application dates, and combine the two documents into one to improve better responsiveness from the Chapters. Both the SOHN president and Chapter Coordinator were in agreement, and a small task force was created to review, revise, and combine these

documents to make them more user-friendly for the Chapters.

The heart and soul of SOHN lie with the local chapters, whose members are the very essence of our community. Your tireless dedication to your patients and to one another during your chapter activities does not go unnoticed. We are forever grateful for your unwavering commitment to improving the lives of those in your care. If you find yourself in need of speakers for your chapter's educational activities, fear not, for we have a treasure trove of approved and vetted educational content that you are more than welcome to utilize. We understand the paperwork that often accompanies such endeavors and have taken care of it for you. Simply reach out to us, and we will gladly lend a helping hand in any way we can.

Special Interest Groups - April Update

Regina Kahnert MSN APRN-CNP

From your Special Interest Groups, I am happy to say we have started 2023 off to a mic-dropping start. Our phenomenal leaders have put out fresh content to teach us about such topics as Variability in Nasal Polyps, how to ensure Veterans are monitored for mental health concerns during their post-cancer journey, and how to help our Head and Neck population through treatment complications such as dysphagia.

We are also doing something new this coming April, for our Allergy SIG Webinar. We

are giving SOHN members the opportunity to bring along a nonmember to participate in one of our SIG meeting presentations. All attendees regardless of memberships status will be able to obtain 1 free CEU after submitting their post-evaluation survey. Let us give our colleagues and friends a taste of what SOHN has to offer!

Register here now: [https://us06web.zoom.us/meeting/register/tZMud-ivrz4tHdOwcvCb4kOXL_iTHMfvJRPw](https://us06web.zoom.us/join/join?from=register&url=https%3A%2F%2Fus06web.zoom.us%2Fmeeting%2Fregister%2FtZMud-ivrz4tHdOwcvCb4kOXL_iTHMfvJRPw)

Also at this time, we are also looking for any of you that want to be part of our amazing team, to share your experiences and knowledge as a Leader in the groups of Allergy/Sinus, Head and Neck, and Advanced Practice Providers. We hope some of you will volunteer to bring your past and present experiences to your peers.

Please reach out for more information. We are always happy to answer any questions you may have, and your SIG Leaders continue to put together new material for you and are always excited to hear about any suggestions you may have.

Membership Enhancement Committee

Society of Otorhinolaryngology Head and Neck Nurses' membership enhancement committee has been working diligently to increase organization's membership. Here are some of the strategies we have utilized in the recent months:

Increase Visibility: We have worked on increasing the visibility of the Society and its activities by leveraging social media, organizing spring seminars, and congress meetings. In collaboration with our social media committee, we have created a social media presence and engaged with members and prospective members on platforms such as LinkedIn, Facebook, Twitter, and Instagram.

Create Value: We have enhanced the value proposition of the Society by offering more educational opportunities, such as Specialty Interest Group meetings catered to 10 specialties via both virtual and in-person

platforms. We have also invited guests to attend SIG meetings for free CEs to attract them. The Education Committee works on offering continuing education credits to members for their participation in these programs.

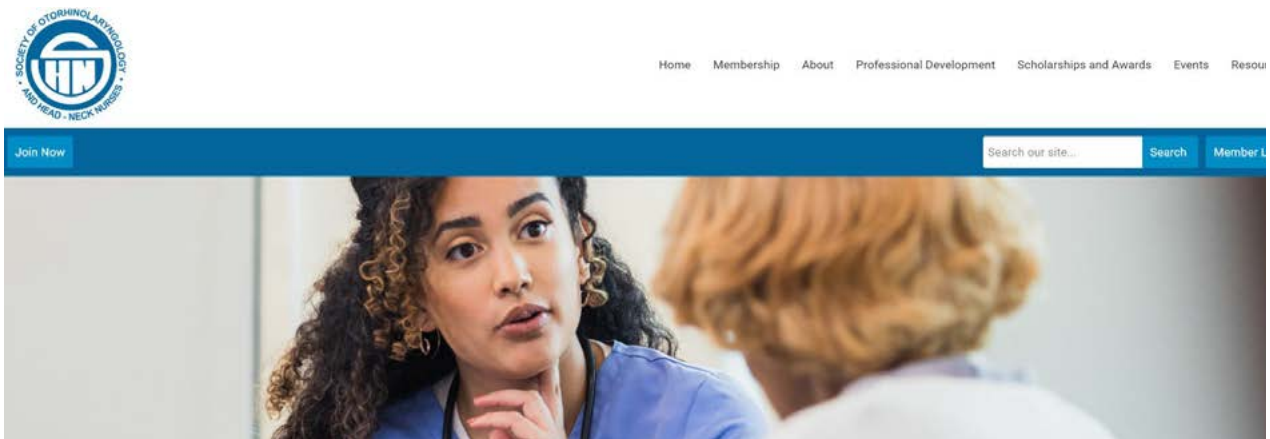

Networking: We have created opportunities for networking among members by organizing chapter-level meetings, and social gatherings such as Poster Reception and President's Dinner. We want to encourage members to connect with each other online and in person, and facilitate introductions among members who share similar interests or expertise.

Membership Benefits: We have developed and promoted member benefits, such as access to exclusive publications, discounted registration fees for events, and online resources. We have also offered a discount for new members to encourage them to join.

Collaborations: Our SOHN leadership collaborates with other AAOHNS and other nursing societies such as American Nurses Association to increase the visibility of the Society and its members. We have also established partnerships with other healthcare organizations such as Children's Hospital of Philadelphia, and Vanderbilt University that are relevant to our members.

By implementing these strategies, we have tried to enhance the membership of the Society of Otorhinolaryngology Head and Neck Nurses and build a strong community of professionals dedicated to improving patient care and advancing the field. However, we need your help to move the needle forward. ***Would you please share this information with any nursing students who you interact with or with schools of nursing that you are affiliated with?***

CALL FOR POSTERS

DEADLINE MAY 1, 2023

As we prepare for the 2023 SOHN Annual Congress, now is the time to submit your poster abstracts. Deadline to be considered for the poster award is May 1, 2023. Poster abstract submissions are also welcome if you do not wish to be considered for the award.

Award criteria and format for the abstracts can be found on our website, SOHNNURSE.com.

Fun Things to do in Nashville

Nashville is the home of SOHN Congress this year. It is the capitol of Tennessee and home to Vanderbilt University – the venue for this year's meeting. It is a vibrant city with lots to offer between conference events and promises to make sure you have a memorable congress experience.

MUSIC IS EVERYWHERE

No matter where you go, there will be music. Here are a couple places to keep in mind:

- **The Stage** Located on Broadway and features big live bands
- **The Listening Room Café**
3-4 artists play their own music, sometimes piano players, many nights are guitar players – tickets are very inexpensive, but phenomenal experience: <https://listeningroomcafe.com/nashville/>
- **Acme Feed & Seed** Located on Broadway, at the end towards the river – awesome spot! With a rooftop – great bands and scene! Serves food, you order at the counter and then bring it wherever you want to eat in the place
- **Tin Roof** Good spot to go during the day or night for good live music
- **Music Row** Can walk there from Broadway area...great to just go and walk in where you hear music you like!

TAKE A STROLL DOWN BROADWAY

Day or night, this street will be alive with the Nashville buzz. It is lined with Honkey Tonks (that's what they call their bars) and gets a little wild when the sun goes down.

HITTING THE HIGH NOTES

SAVE THE DATE!

SOHN 47TH ANNUAL CONGRESS AND EDUCATIONAL SYMPOSIUM

NASHVILLE

SEPTEMBER 29-OCTOBER 2, 2023

Please head over to our webpage for future updates and to book your hotel.

GRAND OLE OPRY

World renowned concert hall featuring the stage that made Nashville the capitol of Country Music. Enjoy a live show ticketed event or go behind the curtain on a guided backstage tour.

RYMAN AUDITORIUM

The original home to the Grand Ole Opry, with world renowned acoustics, it is the birthplace of bluegrass and the stage from which many country music superstars launched their careers. Tickets available for concerts or auditorium tours.

EAT SOME HOT CHICKEN

The specialty chicken in Nashville is called 'hot chicken' it comes in varying levels of 'hotness' and is SO good! Some of the most popular restaurants to get it at are [Hattie Bs](#) and [Party Fowl](#).

FOR THE BREAKFAST LOVER

[Hermitage Café](#) serves breakfast all day and has been deemed the most "authentic" diner in Tennessee...biscuits are fabulous in the morning and at 3am! It's kind of a dive :) in the best way possible.

NASHVILLE'S HOP ON HOP OFF TROLLEY TOUR

A narrated 90 minute tour providing access to over 100 points of interest in Nashville and 14 stops to get out and explore a little more on your own. Featuring Lower Broadway, Music Row, Centennial Park, the Ryman Auditorium, Marathon Village and more.

FOR THE WHISKEY LOVERS

Visit the Jack Daniels Distillery with whiskey tastings!!!

COUNTRY MUSIC HALL OF FAME AND MUSEUM

Stories of the music's roots through artists of today unfold before your eyes through displays, interactive photo archives, engaging films, listening stations - and, of course, the inspiring Rotunda, where the plaques of all Country Music Hall of Fame members reside.

NASHVILLE PARTHENON

Centerpiece to one of Nashville's many parks, Centennial Park, it is a full scale replica of the Parthenon in Athens.
